and Eva's only son. He still has some growing up to do and perhaps this mission can aid in that task. Obviously, the simplest missions are the ones that go wrong. Rico's outcast status and solitude will shed his long-kept secrets as the mission goes forward. The children of Home will learn that there is a much wider scope to the universe. Two enemies will be encountered and their threats will forge the young adventurers into the heroes they will become. One adversary will have desires to rule a single planet; the other plans to conquer the universe with powers that will test everyone that poses opposition to that goal. Navo Gorondo is the head of family security and will soon learn that the four young adults of Home's two leading families are more than a handful. Great tragedy and despair can create inner strength that Rico and his cousins did not know they have.
