Popular Culture as Art and Knowledge George A. Gonzalez,2019-01-15 This volume settles the debate between analytic and continental philosophy It turns to art more specifically popular culture to demonstrate the validity of continental philosophy Drawing on the philosophy of Georg Hegel perhaps the most important of continental philosophers James Kreines holds that reason in the world metaphysically exists Reasons of the world are reasons of the Hegelian Absolute Thus similar to the fact that gravity is curves in the space time continuum along which matter moves reasons are the grooves in the Absolute along which human decision making occurs Art allows us to conceptualize understand speculate about the grooves reasons of the Absolute Two key points can be drawn from Kreines s position first normative values are embedded in reality Thus in complete contradistinction to analytic philosophy there is no bifurcation between the empirical and the normative to exist is to have normative value Secondly the

role of social science is to cogitate explore identify the reasons of the world that shape social political norms Such an approach would decisively move the social sciences away from an emphasis on statistically significant patterns of human behavior e g voting studies and toward an approach that seeks to analyze the reasons of the world that motivate shape social and political decisions Art particularly popular culture becomes an important source in identifying the way that people reason about the world and how they perceive political elites reasoning in the world To adjudicate between continental and analytic philosophy this book on relies on the broadcast iterations of Star Trek as well as Nazi cinema With regard to contemporary American politics in addition to Star Trek it draws on the television series Game of Thrones Veep House of Cards and The Man in the High Castle Popular culture is germane to philosophy and contemporary politics because television movie creators frequently try to attract viewers by conveying authentic philosophical and political motifs Conversely viewers seek out authentic movies and television shows This is in contrast to opinion surveys for instance as the formation of the data begins with the surveyor seeking to directly solicit an opinion however impromptu or shallow [Star Trek](#) Paramount,2025

Popular Culture and the Political Values of Neoliberalism George A. Gonzalez,2019-02-01 Reality is made up of the Absolute and Causality The absolute most saliently philosophized about by Georg Hegel is where normative values inhere Causality can be described as the measurable effects of the normative values of the absolute and the laws of physics also ostensibly a product of the absolute Humans are special insofar as they access the higher aspects of the Absolute altruism compassion love humor science engineering etc The Absolute also contains what can be considered the less attractive values or impulses greed lust for power hate self centeredness conceit etc Predicating society on what I deem the lower spirits aspects of the absolute most prominently greed results in personal social dysfunction and ultimately the end of civilization Conversely a society based on justice is stable and vibrant Justice is a classless society free of gender and ethnic biases My argument is based on popular culture especially the Star Trek franchise One implication of my thesis is that capitalist values generate psychological neurosis and societal instability even catastrophe Additionally the political values that dominate the current neoliberalist world system and especially the American government are the other the will to power resulting in war and global political instability Popular culture is germane to philosophy and contemporary politics because television movie creators frequently try to attract viewers by conveying authentic philosophical and political motifs Conversely viewers seek out authentic movies and television shows This is in contrast to opinion surveys for instance as the formation of the data begins with the surveyor seeking to directly solicit an opinion however impromptu or shallow **Star Trek: Section 31** Michelle Yeoh,2025 [Star Trek: Section 31—Emperor Born](#) Alyssa Wong,2025-02-26 From the pen of Alyssa Wong Spirit World Doctor Aphra and the brush of Megan Levens Star Trek comes the exciting single issue spin off of the forthcoming Star Trek Section 31 movie The issue features Emperor Philippa Georgiou on a brand new raucous and exhilarating adventure **Intersectional Humanism and Star Trek: Discovery** Alyson R. Buckman,2024-09-16 Alyson R Buckman

argues that Star Trek Discovery moves from the liberal humanism presented in the original series to an intersectional humanism by analyzing its representation of posthumanism becoming animal leadership parenting intimacy and trauma
