Starfist Steel Gauntlet:

Starfist: Steel Gauntlet David Sherman, Dan Cragg, 2002-01-08 It's the 25th century but the Marines are still looking for a few good men. Marines aren't supposed to sit. We're supposed to kill. After the resource-rich planet Diamunde is seized by the armed forces of industrialist Marston St Cyr, the Confederation Marines face their most desperate battles yet against the mechanized forces of the bloody usurper. Promised a walkover by military planners, instead the Marines must run a gauntlet of steel with weaponry three hundred years out of date. For the Confederation's invasion army to seize the planet, the Marine FISTs first have to secure a planethead against St Cyr's much larger forces, which are equipped with superior weapons. Together with their outgunned comrades, the Marines of 34th FIST must do the impossible or die. Steel Gauntlet David Sherman, Dan Cragg, 1998-12 When the planet Diamunde and its valuable natural resources are seized by the mercenaries of industrialist Marston St Cyr, the twenty-fifth century Marines of the Confederation must run a gauntlet of mechanized steel to liberate it. Original **Steel Gauntlet** David Sherman, Dan Cragg, 1999 *Starfist: First/School of Fire* David Sherman, Dan Cragg, 2002-01-15 First to Fight. Stranded in a hellish alien desert, stripped of their strategic systems, quick reaction force, and supporting arms, and carrying only a day's water ration, Marine Staff Sergeant Charlie Bass and his seven-man team face a grim future seventy-five light years from home. The only thing between his Marines and safety is eighty-five miles of uncharted, waterless terrain and two thousand bloodthirsty savages with state-of-the-art weapons in their hands and murder on their minds. School of Fire. Deployed to assist the oligarchs of Wanderjahr in putting down a rebellion that threatens the planet's political and economic stability, the Marines must fight two wars at the same time: one against the resourceful, well-led guerrillas and another with the entrenched police bureaucracy. *Starfist: Kingdom's Swords* David Sherman, Dan Cragg, 2002-04-29 The Marines were told it was a simple peasant rebellion, but the mission proved to be far deadlier. Gunny Charlie Bass isn't the only Marine mystified by the order sending the entire 34th to put down a few seditious serfs on planet Kingdom. Rumors swirl of a deadly alien invasion, but few believe that such sentient beings exist. Except Gunny Bass and the Marines of the 3rd platoon, who once fought enemy aliens called Skinks, fierce fanatical fighters with hideous weapons who attack for no other reason but to kill. Then, while slogging through Kingdom's fetid swamps, the Marines are attacked by awesome, unseen weapons that could destroy half a platoon with one shot. Clearly, they are facing no normal enemy. And if their adversaries are Skinks, one FIST isn't enough. Third platoon's orders are to penetrate deeper into the bloody jungle hell and find out what happens when a few good men bite the bullet. *Starfist: A World of Hurt* David Sherman, Dan Cragg, 2009-01-16 With its down and dirty depiction of warfare written by men who know what it's like to be under fire, the Starfist saga is a runaway success across America. Now in the explosive new Starfist adventure packed with fierce action and danger, Marines at war in future space find themselves pitted against a faceless, insatiable foe bent on destroying them. And that's just for starters. How bad is the upcoming mission facing the battle-hardened Marines of 34th Fleet Initial Strike Team?

FIST the military's unofficial alien first contact force Bad enough to make the brass take the unprecedented step of issuing 34th FIST replacements for combat losses before the Marines even leave their home base In response to a series of unexplained deaths on a lonely outpost on the frontiers of human space 34th FIST has been dispatched to investigate and eradicate the problem Beyond that the information available to Gunnery Sergeant Charlie Bass and his men is meager even by Marine standards No one knows what awaits them for the newly colonized world remains largely unexplored That means 34th FIST can expect creatures they have never seen or even heard of much less trained for It could be Skink acid shooters could be anything for the barren station has several secrets all of them deadly But the last thing these Marines expect to find is themselves in the middle of an invasion and a mysterious war with none other than 34th FIST as Enemy 1 Whatever happens they'll deal with it because they're Marines determined to be ready and to give worse than they get

Starfist: Force Recon: Backshot David Sherman, Dan Cragg, 2005-07-26 An exciting new special ops adventure from the battle tested vets who created the popular Starfist series Jorge Lavager charismatic leader of the mysterious Union of Margelan ferociously guards an agricultural research facility on the planet Atlas What that facility conceals will prove whether Lavager is an idealist seeking to unify Atlas under a banner of freedom and prosperity or a tyrant aiming to control all of Human Space The Marines of Fourth Force Recon's second platoon are dispatched to Atlas to uncover the truth They will have to sneak past state of the art surveillance equipment barring unlawful entry to the planet and land in a desolate area miles from their target And if they discover lethal new weapons instead of legitimate research the thirty six Marines are to seize the compound guarded by merciless armed to the teeth soldiers and destroy it But what the recon team finds on Atlas sets off a chain of events that will force some hard decisions on the Marines and end in a deadly surprise

Kingdom's Fury David Sherman, Dan Cragg, 2003 A lethal new special ops unit has joined Starfist On the newly colonized planet Haulover someone or something is destroying isolated farmhouses When the Confederation receives a desperate plea for help it's time to send in the Marines Original

Demotech: Onslaught David Sherman, 2002-01-29 The diabolic armies appear invincible but they haven't met the Marines The Dark Prince's power to summon demons has made his forces second to none and ensured his place as one of the invasion's leaders Not content to merely seize his father's throne the renegade royal dreams of world conquest and with his army and his black arts there is little to stop him So unexpected so well planned is the invasion of the free port New Bally that out of hundreds in the city only two escape capture Haft and Spinner will need all their courage and cunning to retrieve their weapons from their enemy held ship cross the open meadows surrounding the city walls and escape into the forest beyond where they hope to regroup and drive back the invaders Luckily Haft and Spinner are no ordinary men They are Marines
