Taming Of The True:

The Taming of the True Neil Tennant,1997 The Taming of the True poses a broad challenge to the realist views of meaning and truth that have been prominent in recent philosophy Neil Tennant starts with a careful critical survey of the realism debate guiding the reader through its complexities he then presents a sustained defence of the anti realist view that every truth is knowable in principle and that grasp of meaning must be able to be made manifest Sceptical arguments for the indeterminacy or non factuality of meaning are countered and the much maligned notion of analyticity is reinvestigated and rehabilitated Tennant goes on to show that an effective logical system can be based on his anti realist view the logical system that he advocates is justified as a body of analytic truths and inferential principles Having laid the foundations for global semantic anti realism Tennant moves to the world of empirical understanding and gives an account of the cognitive credentials of natural scientific discourse He shows that the same canon of constructive and relevant inference suffices both for intuitionistic mathematics and for empirical science This is an ambitious and contentious book which aims to reform not only theory of meaning but our deductive practices across a broad range of discourses Things New and Old in Discourses of Christian Truth and Life Washington Gladden,1883 *A Master Class in Gremlin-Taming* Rick Carson,2009-10-13 From the author of *Taming Your Gremlin* the quintessential work on how to get out of your own way comes a roadmap for even deeper self discovery Michael Port New York Times bestselling author Rick Carson s *Taming Your Gremlin* has helped hundreds of thousands of people combat the inner saboteur lurking in the recesses of every human mind Now Rick takes you to the next level by revealing new ways to escape your gremlin Rick shows how to access the natural you a place of clear feelings and pure potential He also shares his powerful I CREATE method seven keys for creating rewarding relationships which our gremlins love to mess with With wit wisdom and plenty of real life vignettes Rick helps gremlin tamers at all levels give gremlins less than the time of day Rick s writing so real so inviting so compassionate and so playful With this magical combination Rick has packed this book full of practical information that I put to use immediately A must read for ANYONE who is interested in a satisfying journey through life Mary Olk PhD CPCC personal development coach and psychologist Since at least the time of the Buddha the Mind has been recognized as the necessary ground of enlightenment but also of all confusion and distress Gremlin taming is a most worthy ambition and Rick Carson is a most worthy advocate and ally Jimmie Dale Gilmore singer songwriter and three time Grammy Award nominee *Tachyhippodamia; or the new secret of taming horses ...
