McMurrin, 1987-03-05 The Tanner Lectures on Human Values is the annual publication of the Tanner lectures given at Clare Hall Cambridge University Brasenose College Oxford University Harvard University Yale University the University of California Stanford University the University of Michigan and the University of Utah and other locations Established to reflect upon the scholarly and scientific learning relating to human values the lectureships are international and intercultural and transcend ethnic national religious and ideological distinctions Appointment as a Tanner lecturer is a recognition of uncommon capabilities and outstanding scholarly or leadership achievement in the field of human values Originally published in 1986 Volume VII provides a panoramic view of a number of the most vital issues facing society **The Tanner Lectures on Human Values** McMurrin, 2011-04-28 A prestigious series of lectures that are international and intercultural and transcend ethnic national religious and ideological distinctions **The Tanner Lectures on Human Values** Sterling M. McMurrin, 2011-06-02 A prestigious series of lectures that are international and intercultural and transcend ethnic national religious and ideological distinctions *Jürgen Habermas* Luca Corchia, 2010 **Reading Habermas** Michael Hofmann, 2022-12-13 Reading Habermas Structural Transformation of the Public Sphere dissolves Habermas's monolithic stylization to precisely access his seminal distinction between the purely political polis of antiquity which excludes the private economy from the res publica and the modern public sphere with its rational critical discourse about commodity exchange and social labor in the political economy Deconstructing the uniform mold of Structural Transformation's narrative about a rise and fall of the bourgeois public sphere in modernity also allows to identify and understand the ideology critical methodologies of Habermas's theory reconstruction of Kant's ideal of the liberal public in the context of the French Revolution Readers of this guide realize that Habermas's interpretation of a sociological and political category with the norms of constitutional theory and intellectual history causes the collapsing of norm and description he acknowledged in 1989 and thus frequent misunderstandings about the historical validity of Structural Transformation's ideal type derived from Condorcet's absolute rationalism and Kant's

unofficial philosophy of history Specifically the guide explains that Habermas s key construct of a morally pretentious rationality of the bourgeois public sphere entirely depends on the claim about natural laws harmoniously regulating the economy While neoliberalism still maintains this claim Hegel decisively destroyed it already in 1821 *The Tanner Lectures on Human Values* ,1980 [The Tanner Lectures on Human Values](#) Grethe B. Peterson,Michael Fried,2004-06 The Tanner Lectures on Human Values were founded to advance and reflect upon the scholarly and scientific learning relating to human values The purpose embraces the entire range of physical moral artistic intellectual and religious values pertinent to the human condition interest behavior and aspiration Appointment as a Tanner Lecturer is a recognition of uncommon capabilities and outstanding scholarly or leadership achievement in the field of human values Volume 24 includes Tanner Lectures given at Cambridge Harvard the University of Michigan Oxford Princeton Stanford UC Berkeley the University of Utah Yale and the Australian National University Book jacket *Philosophical Foundations of Private International Law* Roxana Banu,Michael S. Green,Ralf Michaels,2024 This book analyses transnational legal questions philosophically to show that the analytical structure and the techniques of private international law have their own legal and moral philosophical foundation *A Companion to Genethics* Justine Burley,John Harris,2008-04-15 A Companion to Genethics is the first substantial study of the multifaceted dimensions of the genetic revolution and its philosophical ethical social and political significance Brings together the best and most influential writing about the ethics of genetics Includes 33 newly commissioned essays all written by prominent figures in the field Shows how there is scarcely a part of our lives left unaffected by the impact of the new genetics **Tanner Lectures on Human Values** ,1997 *Antonin Scalia's Jurisprudence* Ralph A. Rossum,2006 This book is the first comprehensive reasoned and sympathetic analysis of how Scalia has decided cases during his entire nineteen year Supreme Court tenure Ralph Rossum focuses on Scalia s more than 600 Supreme Court opinions and dissents carefully wrought passionately argued and filled with well turned phrases which portray him as an eloquent defender of an original meaning jurisprudence He also includes analyses of Scalia s Court of Appeals opinions for the D C Circuit his major law review articles as a law professor and judge and his provocative book A Matter of Interpretation Jacket *The Tanner Lectures on Human Values, 1984* Sterling M. McMurrin,1984-08 *The Journal of Philosophy* ,1987 **Imperfection and Impartiality** Marcel L.J. Wissenburg,2012-10-02 This text argues from a liberal perspective for a radical re interpretation of existing ideas concerning social justice Since the 1980s there has been debate between liberals and their critics Concerning The Use Of Impartiality As A Notion On Which To Base Social theories of justice In introducing an impartial standard of the right the implications are often sexist anthropocentric capitalistic and oppressive Wissenberg argues that this does not mean we should abandon the ideal of impartiality and defends the thesis that impartiality and the liberal project can be saved The book explores a liberal theory of Justice That Takes The Core Notion Of Impartiality Seriously That Takes account of moral pluralism without trying to downgrade it or reduce it to the

rank of a secondary problem that argues for principles of justice Respecting Individual Notions Of The Good Life Rather Than Reformulating them in terms of one universal measure of the good or the right that cherishes plurality diversity and tolerance instead of uniformity and moral indifference *Subject Guide to Books in Print* ,1997 *Family Values and Family Justice* Michael Freeman,2017-05-15 This volume collects together Michael Freeman s work on the family and society and the part law plays in defining structuring and controlling it He questions the role of family law and its interface with family values as well as the rights and best interests of children Responsible parenthood is examined as well as the relationship between family law and medical law examining surrogacy and saviour siblings On adult relations the volume centres on domestic violence same sex marriage and alternative dispute resolution Finally he examines the relationship between law and religion focusing on Jewish divorce and the role of the state The book is essential reading for scholars and students of family law as well as those interested in gender and patriarchy law and feminism rights and dispute resolution
