examines how stereotypes are used to further the very different artistic cultural and ideological agendas of each writer What distinguishes this book from others is that it explores the problems that arise when an ethnic stereotype is so fully incorporated into a work of art that it takes on a life of its own often undermining the intentions of its author as well as many of the defining elements of the stereotype itself With each these writers the Jewish stereotype precipitates a literary transformation taking their work into an uncomfortable space for the author and a challenging one for readers **Taras**
