top anglers and the top species of fish which would lead to smashed lives for nearly all involved man and fish alike In *Lords of the Fly* Burke an obsessed tarpon fly angler himself delves into this incredible moment He examines the growing popularity of the tarpon an amazing fish has been around for 50 million years can live to 80 years old and can grow to 300 pounds in weight It is a massive leaping bullet train of a fish When hooked in shallow water it produces immediate unreality as the late poet and tarpon obsessive Richard Brautigan once described it Burke also chronicles the heartbreaking destruction that exists as a result brought on by greed environmental degradation and the shenanigans of a notorious Miami gangster and how all of it has shaped our contemporary fishery Filled with larger than life characters and vivid prose *Lords of the Fly* is not only a must read for anglers of all stripes but also for those interested in the desperate yearning of the human condition
