## **Taste Of Power:**

**A Taste of Power** Katharina Vester, 2015-10-02 A Taste of Power is an investigation of the crucial role culinary texts and practices played in the making of cultural identities and social hierarchies since the founding of the United States. Nutritional advice and representations of food and eating including cookbooks, literature, magazines, newspapers, still life paintings, television shows, films, and the internet have helped throughout American history to circulate normative claims about citizenship, gender, performance, sexuality, class, privilege, race, and ethnicity while promising an increase in cultural capital and social mobility to those who comply with the prescribed norms. The study examines culinary writing and practices as forces for the production of social order and at the same time as points of cultural resistance against hegemonic norms, especially in shaping dominant ideas of nationalism, gender, and sexuality, suggesting that eating right is a gateway to becoming an American, a good citizen, an ideal man, or a perfect mother. Cookbooks as a low prestige literary form became the largely unheralded vehicles for women to participate in nation building before they had access to the vote or public office for middle class authors to assert their class privileges for men to claim superiority over women even in the kitchen and for lesbian authors to reinscribe themselves into the heteronormative economy of culinary culture. The book engages in close reading of a wide variety of sources and genres to uncover the intersections of food, politics, and privilege in American culture. Provided by publisher

**A Taste of Power** Elaine Brown, 1993-12-01 Profound, funny, wild, and moving, heartbreaking accounts of a lonely black childhood. Brown sees racial oppression in national and global context. Every political word she writes pounds home a lesson about commerce, money, racism, communism, you name it. A glowing achievement. Los Angeles Times. Elaine Brown assumed her role as the first and only female leader of the Black Panther Party with these words: I have all the guns and all the money I can withstand challenge from without and from within. Am I right Comrade? It was August 1974. From a small Oakland based cell, the Panthers had grown to become a revolutionary national organization mobilizing black communities and white supporters across the country but relentlessly targeted by the police and the FBI and increasingly riven by violence and strife within. How Brown came to a position of power over this paramilitary, male dominated organization and what she did with that power is a riveting, unsparring account of self discovery. Brown's story begins with growing up in an impoverished neighborhood in Philadelphia and attending a predominantly white school where she first sensed what it meant to be black, female, and poor in America. She describes her political awakening during the bohemian years of her adolescence and her time as a foot soldier for the Panthers who seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther leadership, her tumultuous relationship with the charismatic Huey Newton who would become her lover and her nemesis, her experience with the male power rituals that would sow the seeds of the party's demise and the scars that she both suffered and inflicted in that era's paradigm shifting clashes of sex and power. Stunning, lyrical, and acute, this is the indelible testimony of a black woman's battle to define herself.
