Rebillon Lambley esteemed linguist and historian draws on his extensive background in 16th and 17th century English history and language studies to present this illuminating work His expertise offers a nuanced understanding of how the socio political landscape influenced language pedagogy and what this reveals about identity formation during the Tudor and Stuart periods Lambley's passion for language instruction and historical context shines through providing readers with authentic insights This book is highly recommended for scholars students and language enthusiasts eager to explore the cultural nuances of language education Lambley's compelling analysis not only enriches the understanding of the French language's status in early modern England but also invites readers to reflect on the broader implications of language as a marker of social identity and prestige **American Dialog**, 1964 **The Teaching and Cultivation of the French Language in England During Tudor and Stuart Times** Kathleen Rebillon Lambley, 1920 **Greek and English dialogues, for use in schools** John Stuart Blackie, 1871 **Greek and English Dialogues for Use in Schools and Colleges** John Stuart Blackie, 1875 Medieval Monasticism C.H.
