Von Balthasar Reader:

The Von Balthasar Reader Hans Urs von Balthasar, 1982 Hans Urs von Balthasar was one of the most influential Catholic theologians of the 20th century This easy to use one volume reader contains his essentials writings on everything from the miracle of human existence to the nature of God [The Von Balthasar Reader](#) Hans Urs von Balthasar (cardinale), 1982 *The Von Balthasar Reader* Hans Urs von Balthasar, 2019 **Balthasar Reader** Medard Kehl, Werner Loser, 2002-03-28 Hans Urs von Balthasar born in Lucerne on 12th August 1905 is one of the magisterial figures of contemporary theology Out of a creative encounter with the great minds whose religious and human vision has shaped our world he has produced a rich body of work *The Sacramentality of the World and the Mystery of Freedom* Elisa Zocchi, 2021-02-18 The book offers the first in depth study of Origen s presence in Hans Urs von Balthasar not only considering his books on Origen but also analyzing Origenian ideas that played a decisive role in his theological building Starting from the historical context the book connects Balthasar s reading of Origen to the main issues of 20th century Catholic theology and to theologians like Henri de Lubac Karl Rahner and Karl Barth The book moves then to the main theological elements traceable in the relationship between Origen and Balthasar Eros spiritual senses freedom and universal salvation Throughout these ideas Balthasar s attitude towards Origen emerges as dynamic and multifaceted

Convergences Hans Urs von Balthasar, 1983 In an age of theological fragmentation Hans Urs von Balthasar urges a reintegration of theology The increasing specialization and compartmentalization to which theology has been subjected leads to confusion and disunity *Convergences To the Source of Christian Mystery* begins by showing the unity between Christian thought theology and Christian living spirituality Then Balthasar turns to the specializations and divisions of theology and shows how the unity of dogma governs and directs the specializations Next he examines the dreadful multiplicity of churches and its pseudo justification through the alleged variety of theologies in the New Testament Finally Balthasar has the reader focus on himself challenging him to consider where the integrated simplicity of his own existence might lie Balthasar argues against an imprudent simplification of theology which seeks to return to the simplicity of ancient Christian thought by throwing away allegedly useless accretions It is thought says Balthasar in the Foreword that liberating unity is achieved by ridding oneself of superfluous amassed goods One cannot remain true to theology argues Balthasar by throwing parts of the tradition overboard in an attempt to find a lost longed for theological unity A prior experience of the unity of theology is required to make sound judgments about what is useless and what is helpful *Unless You Become Like this Child* Hans Urs von Balthasar, 1991 In one of the last books written before his death the great theologian provides a moving and profound meditation on the theme of spiritual childhood Somewhat startlingly von Balthasar puts forth his conviction that the central mystery of Christianity is our transformation from world wise self sufficient adults into abiding children of the Father of Jesus by the grace of their Spirit *A Key to Balthasar* Aidan Nichols, 2011 Hans Urs von Balthasar is widely recognized as

perhaps the greatest Catholic theologian of the twentieth century No writer has better revealed the spiritual greatness of the revelation to which the art of the Church and the historic liturgies bear witness Yet students and non specialist readers often find Balthasar daunting and difficult A Key to Balthasar is the ideal introduction to his work It unlocks the treasure of his theology by focusing on the beautiful the good and the true These are the three qualities of being around which his great trilogy The Glory of the Lord Theo drama and Theo logic revolves Though brief it captures the essence of what Balthasar wished to say

Heart of the World Hans Urs von Balthasar,1979 A great Catholic theologian speaks from the heart about the Heart of Christ in a profound and lyrical meditation on Our Lord s love for his Bride the Church

The Self-emptying God Peter J. Colyer,2014-10-17 Christ emptied himself we read in Paul s letter to the Philippians words that are probably part of an early Christian liturgy In this book Peter Colyer examines in detail the concept of the self emptying kenosis of Christ and of the ways in which this understanding of the historic figure of Jesus Christ has been extended to the whole being of God The sections of the book deal with the need for compatibility between theological and scientific views of the natural world the increas

Being Consumed William T. Cavanaugh,2008-03-17 Should Christians be for or against the free market For or against globalization How are we to live in a world of scarcity William Cavanaugh uses Christian resources to incisively address basic economic matters the free market consumer culture globalization and scarcity arguing that we should not just accept these as givens but should instead change the terms of the debate Among other things Cavanaugh discusses how God in the Eucharist forms us to consume and be consumed rightly Examining pathologies of desire in contemporary free market economies Being Consumed puts forth a positive and inspiring vision of how the body of Christ can engage in economic alternatives At every turn Cavanaugh illustrates his theological analysis with concrete examples of Christian economic practices

Balthasar: A Guide for the Perplexed Rodney Howsare,2009-08-30 A concise and helpful guide for students grappling with the main principles of Balthasar s thought

Deus Trinitas David Michael Coffey,1999 David Coffey considers the full range of issues surrounding the Trinity one of the central doctrines of the Christian faith He looks at these issues in historical and ecumenical context and balances the insights of both Western and Eastern churches

Divine Fruitfulness Aidan Nichols,2007 This fifth and final book in Aidan Nichols Introduction to Hans Urs von Balthasar series covers Balthasar s prodigious output from the 1940s to his death in 1988 leaving aside the great multi volume trilogy Nichols identifies Balthasar s most significant sources including the Church Fathers especially Origen Gregory of Nyssa Maximus the Confessor and Augustine Henri de Lubac Karl Barth and Adrienne von Speyr He then guides the reader through Balthasar s works thematically covering fundamental theological themes revelation and theology divine providence the paschal mystery Mary and the church the saints prayer and mysticism and Christian literature

The Trinity and the Paschal Mystery Anne Hunt,1997 As a text for college or graduate student courses as a scholarship reference and as a guide for interested educated laity The Trinity and the Paschal Mystery is an exhilarating and invigorating journey into the

most central of the Christian mysteries the triune God The book is a valuable and thought provoking resource that complements and enriches current theologies of the Trinity **Time, Eternity, and the Trinity** Eunsoo Kim,2010-03-01 One of the vital issues in contemporary Christian theology is the problem of a renewed understanding of God's eternity and its relation to time This is not merely a peripheral doctrinal issue but lies at the heart of our understanding of God and humanity and contributes to our entire worldview This study focuses on a long standing debate between two competing views on God's eternity one focused on God's absolute timelessness in classical theism and the other on God's temporal everlastingness in contemporary panentheism In contrast to both of these well worn options this book presents an alternative Trinitarian analogical understanding of God's eternity and its relation to time especially through a critical reflection on Karl Barth's and Hans Urs von Balthasar's engagement of the issue This analogical approach based on the dynamic and dramatic concepts of God's being in relation and of the Triune God's communicative action in eternity and time has the potential to resolve the debate between absolute timeless eternity and temporal everlasting duration **Balthasar's Trilogy** Stephen Wigley,2010-09-23 This book is an undergraduate introduction to one of the most important works of 20th century Catholic theology **The Threefold Garland** Hans Urs von Balthasar,1982-01-01 The renowned Swiss theologian offers in this little book very beautiful and practical reflections for praying and living the 15 mysteries of the Rosary He makes the profound truths and events of our salvation take on a freshness and splendor by allowing the reader to enter his own contemplation of the mysteries Von Balthasar's theology is a theology that does not read like theology but one that derives from prayer and leads back to prayer Contemplating each of the Joyful Sorrowful and Glorious mysteries with his focus on Jesus giving himself for us and Mary's part in it Von Balthasar leads the reader to see that Christian prayer can attain to God only along the path God himself has trod a God who not only addresses his Word to us but makes it live among us Von Balthasar says his meditations are designed to free the prayer of the Rosary from a certain narrowness alien to Mary's own spirit and easily leading to monotony and to nourish it with the fullness of God's saving thoughts and saving deeds for the world *Sociology and Liturgy* K. Flanagan,1991-10-02 This is a study of the social construction and the impression management of the public forms of worship of Catholicism and Anglicanism Interest centres on the dilemmas of the liturgical actors in handling a transaction riddled with ambiguities and potential misunderstandings The study is an innovative effort to link sociology to theology in a way that serves to focus on an issue of social praxis *A Theological Aesthetics of Liberation* Vicente Chong,2019-02-07 Since its emergence in the sixties of the last century liberation theology in Latin America has paid little attention to the areas of aesthetics and art At the same time theological aesthetics seldom has been directly and explicitly concerned about the reality of the poor and the struggle for justice This mutual disinterest between liberation theology and theological aesthetics is regrettable because discerning a correlation between them would benefit both theological disciplines in their attempt to understand the saving action of God in the world It is the intention of this book to fill that gap

A Theological Aesthetics of Liberation correlates liberation theology and theological aesthetics exploring different themes such as the liberating power of art and how the Spirit of God is involved in the process of liberation in and through art This study is a critical reflection upon the question of the beauty of Jesus Christ especially in relationship with the event of the cross and upon its meaning for Christian life This book analyzes such topics in conversation with important theologians Gustavo Guti rrez Jon Sobrino Karl Rahner Hans Urs von Balthasar Edward Schillebeeckx and other contemporary Christian theologians who have explored these themes
