Waging Peace On Islam:

Waging Peace on Islam Christine Mallouhi,2002-02-04 How can caring Christians approach Islam As relations between Islam and the West grow more polarized many Christians are nervous about meeting Muslims How can we possibly overcome years if not centuries of mistrust Christine Mallouhi who married into a Muslim family and has lived much of her life in the Middle East suggests we should emulate St Francis who during the Crusades went to be with the Muslims and even shared the gospel with the Sultan We should start by seeing Muslims as people she suggests When Muslims are skeptical of our creed confused by our message and wounded by our warfare the most credible witness left is our lives Muslims need to see Jesus and the only way most of them will see him is in us Here is a book that gives history insight and much of the author s own story in offering the Prince of Peace to Muslims **Pilgrims of Christ on the Muslim Road** Paul-Gordon

Chandler,2008-10-03 Today s tensions between the Islamic East and Christian West run high Here Paul Gordon Chandler presents fresh thinking in the area of Christian Muslim relations showing how Christ_ whom Islam reveres as a Prophet and Christianity worships as the divine Messiah_ can close the gap between the two religions Historically Christians have taken a confrontational or missionary approach toward Islam leading many Muslims to identify Christianity with the cultural prejudices and hegemonic ambitions of Westerners On the individual level Christ followers within Islam have traditionally been encouraged by Christians to break away from their Muslim communities Chandler boldly explores how these two major religions_ which share much common heritage_ can not only co exist but also enrich each other He illustrates his perspective with examples from the life of Syrian novelist Mazhar Mallouhi widely read in the Middle East Mallouhi a self identified Sufi Muslim follower of Christ seeks to bridge the chasm of misunderstanding between Muslims and Christians through his novels

What's Right with Islam Is What's Right with America Feisal Abdul Rauf, 2009-10-13 An American imam offers answers for today's toughest questions about Islam and a vision for a reconciliation between Islam and the West One of the pressing questions of our time is what went wrong in the relationship between Muslims and the West Continuing global violence in the name of Islam reflects the deepest fears by certain Muslim factions of Western political cultural and economic encroachment The solution to the current antagonism requires finding common ground upon which to build mutual respect and understanding Who better to offer such an analysis than an American imam someone with a foot in each world and the tools to examine the common roots of both Western and Muslim cultures someone to explain to the non Islamic West not just what went wrong with Islam but what's right with Islam Focused on finding solutions not on determining fault this is ultimately a hopeful inspiring book What's Right with Islam systematically lays out the reasons for the current dissonance between these cultures and offers a foundation and plan for improved relations Wide ranging in scope What's Right with Islam elaborates in satisfying detail a vision for a Muslim world that can eventually embrace its own distinctive forms of democracy and capitalism aspiring to a new Cordoba a time when Jews Christians Muslims and all other faith traditions will live together in peace and prosperity

Waging Peace in the Philippines Edmundo Garcia, Carolina G. Hernandez, 1989

Gendered Peace Donna Pankhurst, 2012-07-26 This volume contributes to the growing literature on women conflict and peacebuilding by focusing on the moments after a peace accord or some other official ending of a conflict often denoted as post conflict or post war Such moments often herald great hope for holding to account those who committed grave wrongs during the conflict and for a better life in the future For many women both of these hopes are often very quickly shattered in starkly different ways to the hopes of men Such periods are often characterized by violence and insecurities and the official ending of a war often fails to bring freedom from sexual violence for many women Within such a context efforts on the part of women and those made on their behalf to hold to account those who commit crimes against them and to access their rights are difficult to

make are often dangerous and are also often deployed with little effect Gendered Peace explores international contexts and a variety of local ones in which such struggles take place and evaluates their progress The volume highlights the surprising success in the development of international legal advances for women but contrasts this with the actual experience of women in cases from Sierra Leone Rwanda South Africa Afghanistan Bangladesh East Timor Peru Central America and the Balkans

The Islamic World Since the Peace Settlement Arnold Toynbee,1927 **Islam in Context** Peter G. Hancock,Christopher Roger Mitchell,2007 Looks at the ways people have used sanctuary throughout history and in present day conflicts to avoid or challenge violence Authors with practical experience in peace zones throughout Asia Europe Africa and Latin America The notion of having sanctuary from violence or threat has probably existed as long as conflict itself Whether people seek safety in a designated location such as a church or hospital or over a regional border or whether their professions or life situations doctors children allow them at least in theory to avoid injury in war sanctuary has served as a powerful symbol of non violence The authors of this collection examine sanctuary as it relates to historical and modern conflicts from the Philippines to Colombia and Sudan They chart the formation and evolution of these varied zones of peace and attempt to arrive at a theory of sanctuary that might allow for new and useful peacebuilding strategies This book makes a significant contribution to the field of conflict resolution using case studies to highlight efforts made by local people to achieve safety and democracy amid and following violent civil wars The authors ground the emerging interest in sanctuary by providing a much needed description of the complexity of these peace zones Other Contributors Kevin Avruch Pushpa Iyer Roberto Jose Jennifer Langdon Nancy Morrison Krista Rigalo Catalina Rojas and Mery Rodriguez **Encyclopedia of Women & Islamic Cultures** Suad Joseph,Afsaneh Najmabadi,2003 Focuses on women and the civilizations and societies in which Islam has played a historic role Surveys all facets of life society economy politics religion the arts popular culture sports health science medicine environment and so forth of women in these societies *Islam in Indonesia* Umar Hadi,2009 Introduction to Islamic terms movements and thought in Indonesia
