Marshall, Kimberly Brennehan, 2019-07-23 This book explores current research on young children's beliefs and knowledge about the biological world otherwise known as folkbiology Contributors discuss factors that shape the development of folkbiological knowledge as well as possible interventions designed to counteract cognitive biases that can interfere with the development of scientifically informed reasoning about natural phenomena Taken together the papers

provide insights into the contributions of cognitive biases to the development of biological misunderstandings and into the life experiences and contexts that can contribute to or impede accurate learning of biological concepts As part of a wider literature the insights provided by the authors are relevant to the design of educational experiences that will foster children s exploration and further their understanding of life science ideas The chapters in this book were originally published as a special issue of Early Education and Development

Parenting and Child Development in Low- and Middle-Income Countries Marc H. Bornstein, W. Andrew Rothenberg, Andrea Bizzego, Robert H. Bradley, Kirby Deater-Deckard, Gianluca Esposito, Jennifer E. Lansford, Diane L. Putnick, Susannah Zietz, 2022-09-09 This compelling volume advances the understanding of what parenting and related sociodemographic demographic and environmental variables look like and how they are associated with child development in low and middle income countries around the world Specifically expert authors document how child growth caregiving practices discipline and violence and children s physical home environments along with child and primary caregiver sociodemographic characteristics and household and national development demographic characteristics are associated with central domains of early childhood development across a substantial fraction of the majority world using contemporary 21st century data from the UNICEF Multiple Indicator Cluster Surveys and the UNICEF Early Childhood Development Index The lives of nearly 160 000 girls and boys aged 3 to 5 years in nationally representative samples from 51 low and middle income countries are sampled to address 7 principal questions about children caregiving and contexts Parenting and Child Development in Low and Middle Income Countries takes an authentically international approach to parenting the environment and child development in cultural contexts that more fully characterize the world s diversity Parenting and Child Development in Low and Middle Income Countries is essential reading for researchers and students of parenting psychology human development family studies sociology and cultural studies as well as governmental and non governmental professionals working with families in low and middle income countries

Early Childhood Education and Care for a Shared Sustainable World Sandra Smidt, 2018-08-15 Making an important contribution to the growing body of literature addressing the issue of sustainability in the Early Years Sandra Smidt provides a highly accessible text examining the philosophical political economic social and cultural aspects of sustainability impacting on very young children today Drawing on current and global research Smidt presents case studies and vignettes illustrating good practice and positive thinking in this constantly expanding field After clarifying the myriad of acronyms used in this subject area the book turns to the question of defining sustainability before chapters explore a diverse range of topics How very young children make sense of the world and the critical role of teachers and practitioners in listening and responding to the questions they ask The young child as a citizen with a voice that needs to be heard and ideas and opinions which should be shared Examples of how practitioners and settings are working democratically in recognition of the intellectual capacities of young children Possible pedagogies to support the learning and the emotional needs of very young children in relation to

issues of sustainability The integration of services offering Early Childhood Care and those offering Early Childhood Education Analysis of the professional standing of early childhood educators Other key issues addressed in the text include the worldwide impact of global warming globalisation capitalism and human aspiration Smidt expertly navigates these issues illustrating good practice and providing those working with young children with the knowledge and understanding they need to support children to develop maintain and live in a sustainable world The State of the World's Children 1999 Carol Bellamy, UNICEF., 1999 The international community is increasingly defining education as an essential human right a force for social change and a path towards international peace and security This report on the well being of the world s children focuses on the efforts of the international community to ensure that all children enjoy their human right to a high quality education Chapter 1 of the report explores the historical context in which children s right to education has been repeatedly affirmed discusses the elements integral to the success of the worldwide movement of Education for All and argues that in spite of a dearth of resources and growing indebtedness in the developing world education remains one of the best investments a country can make in order to prosper Chapter 2 provides statistical profiles for 193 countries based on basic indicators such as infant mortality rate nutritional status health status educational levels demographics economic indicators the status of women and the rate of progress on major indicators since 1960 This chapter also lists countries in descending order of their estimated 1997 under 5 mortality rates Included throughout the report are panel sections highlighting specific educational initiatives Seven Spotlights present regional information on school enrollment gender equity in access to education school effectiveness constraints to providing education and educational innovations Contains approximately 70 references KB World of Child Development George S.
