The Prentice-Hall Encyclopedia of World Proverbs Wolfgang Mieder,1986 **The Routledge Book of World Proverbs** Jon R. Stone,2006-09-27 The Routledge Book of World Proverbs invites the reader to travel the globe in search of the origins of such words of wisdom experiencing the rich cultural traditions reflected in each nation s proverbs This collection contains over 16 000 gems of humour and pathos that draw upon themes from our shared experiences of life And we are not just invited to learn about other cultures proverbs are bits of ancient wisdom and thus teach us about our own history Drawing together proverbs that transcend culture time and space to provide a collection that is both useful and enjoyable The Routledge Book of World Proverbs is unquestionably a book of enduring interest *An Anthology of Global Cultural Wisdom* Edited by: Kisak,2015-09-11 A proverb from Latin proverbium is a simple and concrete saying popularly known and repeated that expresses a truth based on common sense or the practical experience of humanity They are often metaphorical A proverb that describes a basic rule of conduct may also be known as a maxim Proverbs are often borrowed from similar languages and cultures and sometimes come down to the present through more than one language Both the Bible including but not limited to the Book of Proverbs and medieval Latin aided by the work of Erasmus have played a considerable role in distributing proverbs across Europe Many cultures that treat the Bible as their major spiritual book contain between three hundred and five hundred proverbs that stem from the Bible However almost every culture has examples of its own unique proverbs This volume 1 of 2 is an anthology of global proverbs *The Multicultural Dictionary of Proverbs* Harold V. Cordry,2015-08-31 All cultures have proverbs that capsulize subjects simply and effectively Many of these are cross cultural For example according to a Danish proverb The greater the fear the nearer the danger while a Latin proverb says The less there is of fear the less there is danger This work includes over 20 000 proverbs from more than 120 languages nationalities and ethnic groups The proverbs are arranged under 1 300 headings e g accidents divided loyalty marriage prosperity shame and each includes the nationality group or language in which it originated Comprehensive keyword and subject indexes allow access to the material in multiple ways **A Dictionary of American Proverbs** Wolfgang Mieder,1992 Americans have a gift for coining proverbs A picture is worth a thousand words was not as you might imagine the product of ancient Chinese wisdom it was actually minted by advertising executive Fred Barnard in a 1921 advertisement for Printer s Ink magazine After all Americans are first and foremost a practical people and proverbs can be loosely defined as pithy statements that are generally accepted as true and useful The next logical step would be to gather all of this wisdom together for a truly American celebration of shrewd advice A Dictionary of American Proverbs is the first major collection of proverbs in the English language based on oral sources rather than written ones Listed alphabetically according to their most significant key word it features over 15 000 entries including uniquely American proverbs that have never before been recorded as well as thousands of traditional proverbs that have found their way into American speech from classical biblical British continental

European and American literature Based on the fieldwork conducted over thirty years by the American Dialect Society this volume is complete with historical references to the earliest written sources and supplies variants and recorded geographical distribution after each proverb Many surprised await the reader in this vast treasure trove of wit and wisdom Collected here are nuggets of popular wisdom on all aspects of American life weather agriculture travel money business food neighbors friends manners government politics law health education religion music song and dance And to further enhance browsing pleasure the editors have provided a detailed guide to the use of the work While it s true that many of our best known proverbs have been supplied by the ever present Anonymous many more can be attributed to some very famous Americans like Ernest Hemingway Abraham Lincoln Benjamin Franklin Mark Twain J Pierpont Morgan Thomas Alva Edison Abigail Adams and Ralph Waldo Emerson to name but a few offered in this fascinating collection Who wouldn t want to know the origin of the opera ain t over till the fat lady sings This uniquely American proverb and many more are gathered together in A Dictionary of American Proverbs A great resource for students and scholars of literature psychology folklore linguistics anthropology and cultural history this endlessly intriguing volume is also a delightful companion for anyone with an interest in American culture
