World Series Action Kit Terry Wilson, 1989 **The Casino, Card and Betting Game Reader** Mark R.

Johnson, 2021-12-30 Casino games and traditional card games have rich and idiosyncratic histories complex subcultures and player practices and facilitate the flow of billions of dollars each year through casinos and card rooms and between professional players and amateurs They have nevertheless been overlooked by game scholars due to the negative ethical weight of gambling with such games pathologized and labelled as deviance or mental illness few look beyond to unpick the games their players and their communities The Casino Card and Betting Game Reader offers 25 chapters studying the communities playing these games the distinctive cultures and practices that have emerged around them their activities and beliefs and interpersonal relationships and how these games influence both positively and negatively the lives and careers of millions of game players around the world It is the first of a new series of edited collections Play Beyond the Computer dedicated to exploring the play of games beyond computers and games consoles **Sports on Film** Johnny D.

Boggs, 2021-10-11 Sports on Film takes readers behind the scenes of how movies get made and puts them in the stands for some of the key moments in sports in America Sports on Film documents key events in American sports history through the films that depict them starting with the integration of major league baseball when Jackie Robinson signed with the Brooklyn Dodgers Other significant events and personalities examined include the college basketball point shaving incident of the 1950s journalist George Plimpton's attempt to go through the Detroit Lions NFL training camp in the early 1960s the originations and popularity of rodeo the brief run of women's professional baseball during World War II the underdog racehorse Seabiscuit during the Great Depression the rise of African American boxer Muhammad Ali the unique 1970s Battle of the Sexes tennis event between Bobby Riggs and Billie Jean King and Ford Motor Company's run in the 1960s to take motorsports to Europe's premier event in Le Mans France **ENC Focus**, 2001 **Politics and Sports in America**

Thomas R. Morris, Daniel J. Palazzolo, 2026-04-21 Politics and Sports in America offers a fresh perspective on the dynamic relationship between athletics and political life in the United States While recent scholarship has focused on the rise of athlete activism few political scientists have examined sports through a distinctly American lens Most existing studies emphasize international contexts Thomas R Morris and Daniel J Palazzolo address this gap by examining the intersections of sports and politics across multiple dimensions citizenship and civic identity the balance between national and local forces the role of elite athletes in advancing democratic principles such as equality and liberty the tension between individualism and collective action and the striking parallels between rival sports teams and polarized political parties They also explore how politicians intentionally engage with sports through policy decisions and symbolic gestures Taken together these perspectives reveal how the relationship between sports and politics enriches our understanding of the American republic and its democratic traditions Designed for scholars and instructors this book provides a political science framework for

analyzing sports as a source of civic and institutional development It also serves as a resource for teaching American government offering innovative ways to connect political institutions processes and debates to the world of athletics Beyond academia the work speaks to sports fans who follow politics and citizens who follow sports inviting both groups to see how these spheres illuminate one another
