"This shark, swallow you whole" Kathy Merlock Jackson,Philip L. Simpson,2023-03-15 One of the most influential thrillers in media history Jaws first surfaced as a best selling novel by first time novelist Peter Benchley in 1974 followed by the 1975 feature film directed by Steven Spielberg at the beginning of his storied career Jaws is often considered the first blockbuster and successive generations of filmmakers have cited it as formative in their own creative development For nearly 50 years critics and scholars have studied how and why this seemingly straightforward thriller holds such mass appeal This book of original essays assembles a range of critical thought on the impact and legacy of the film employing new perspectives historical cinematic literary scientific and environmental while building on the insights of previous writers While varying in focus the essays in this volume all explore why Jaws was so successful in its time and how it remains a prominent storytelling influence well into the 21st century

Shark Facts Ocean Ecosoft,AI,2025-02-18 Sharks often feared and misunderstood are

revealed in Shark Facts as vital keystone species essential to healthy ocean ecosystems This exploration of marine biology dispels myths diving into the remarkable sensory capabilities that allow sharks to navigate and hunt with precision For instance electroreception enables them to detect the faint electrical fields of prey while their keen sense of smell can track scents over vast distances The book progresses from evolutionary history and sensory systems to hunting behaviors and ecological roles demonstrating how these apex predators shape food webs and influence other marine life Understanding shark behavior and the impact of their presence or absence is crucial for effective shark conservation Shark Facts translates complex research into accessible language making it a valuable resource for students naturalists and anyone interested in the natural history of our oceans
