Star Ledger:

The Star-Ledger ,2019 Chris Christie Bob Ingle,Michael G. Symons,2012-06-05 A revealing in depth biography of the Republican party s brightest rising star New Jersey governor Chris Christie a truly maverick persona **A Post-Racial Change Is Gonna Come** J. Wharton,2013-11-12 This work offers a political and historical analysis of Newark s modern politics since 1950 culminating with Mayor Cory Booker s rise to power and prominence both in the city and in American political consciousness Newark s recent political history offers an interesting case study in mayoral elections community development and coalition building politics While Newark is the quintessential post industrial city Booker has received critical attention for his post racial politics since he frequently bypasses racial and traditional urban politics At the same time relations between the mayor the municipal council and Newark s diverse communities were often so fractious that sustainable coalition building proved to be an elusive goal to resolve longstanding crime education and other social problems Based on original interviews with Cory Booker city council members and other prominent Newark politicians **A Post Racial Change is Gonna Come** is a powerful history of how Newark became the focal point for transformative politics in urban America **Results of Astronomical Observations Made at the Royal Observatory, Cape of Good Hope, During the Years ...** ,1876 *Results of Meridian Observations of Stars Made at the Royal Observatory, Cape of Good Hope* Royal Observatory Cape of Good Hope,1876 **Results of Meridian Observations of Stars Made at the Royal Observatory, Cape of Good Hope** ,1876 **Results of Astronomical Observations Made at the Royal Observatory, Cape of Good Hope** ,1876 **Edward P. Gold,2007 Racially separate schools cannot be equal even if funding levels are the same as wealthy White school districts according to Barry A Gold in his provocative new book By documenting the effects that the New Jersey Supreme Court Abbott V decision had on schools and classrooms Gold argues that Abbott V along with NCLB actually widened the educational gap between middle class White students and minority students by creating a new but less effective type of urban education This in depth examination describes and analyzes the actual behavior of administrators and teachers to understand how and why these educational reforms failed The book features include reports on the two most important reforms of urban education in U S history the New Jersey Supreme Court Abbott V ruling and NCLB rich case studies of 7 years of urban elementary reform

why reform efforts failed to achieve their intended outcomes is explained and ways to improve future urban education reforms are identified *American Stationer and Office Manager*, 1920 *The American Stationer and Office Outfitter*, 1920 **Records & Briefs New York State Appellate Division**, **Once Upon an American Dream** Andrew Lainsbury, 2000

Branded a cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine Europe's love hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it Once Upon an American Dream is a story of global capitalism on a grand scale Lainsbury has plumbed company archives and interviewed key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty's Castle He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty first century Ultimately Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared Once Upon an American Dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about
