tar beach faith Ringgold, **The George Washington Bridge** Michael Aaron Rockland, 2008 Since opening in 1931 the George Washington Bridge linking New York and New Jersey has become the busiest bridge in the world with 108 million vehicles crossing it in 2007 Many people also consider it the most beautiful bridge in the world yet remarkably little has been written about this majestic structure Intimate and engaging Michael Rockland's rich narrative presents perspectives on the GWB as it is often called that span history architecture engineering transportation design the arts politics and even post 9 11 mentality Stunning archival photos from the late 1920s when the bridge was built through the present are a powerful complement to the bridge's history Rockland covers the competition between the GWB and the Brooklyn Bridge that parallels the rivalry between New Jersey and New York City Readers will learn about the Swiss immigrant Othmar Ammann an unsung hero who designed and built the GWB and how a lack of funding during the Depression dictated the iconic uncovered steel beams of its towers which we admire today There are chapters discussing accidents on the bridge such as an airplane crash landing in the westbound lanes and the sad story of suicides off its span the appearance of the bridge in media and the arts and Rockland's personal adventures on the bridge including scaling its massive towers on a cable Movies television shows songs novels countless images and even PlayStation 2 games have aided the GWB in becoming a part of the global popular culture This tribute will captivate residents living in the shadow of the GWB the millions who walk jog bike skate or drive across it as well as tourists and those who will visit it some day First major book on the George Washington Bridge Full of amazing facts about the GWB that will surprise even bridge historians Includes over 30 spectacular illustrations ranging from archival photographs of the building of the bridge to those that show it draped in an enormous flag after 9 11 Includes personal accounts of the author's adventures on the bridge

El Barrio Humberto Cintron, 2012-01-12 When we look at a work of a creative writer it is not enough to examine form structure and content The life of a writer offers us glimpses into their world and insights into the history of their time that formed and informed their work Their experiences are the foundation upon which the writer builds his or her ideas In Humberto Cintron we find a skilled wordsmith who intimately understands the impact of structure the emotional nuances of storytelling and how to apply these literary dynamics to communicate the passionate intensity of his intended message

Liminal Spaces in Children's and Young Adult Literature Mark I. West, 2024-03-12 Scholars in the field of children's literature studies began taking an interest in the concept of liminal spaces around the turn of the 21st century For the first time Liminal Spaces in Children's and Young Adult Literature Stories from the In Between brings together in one volume a collection of original essays on this topic by leading children's literature scholars The contributors in this collection take a wide variety of approaches to their explorations of liminal spaces in children's and young adult literature Some discuss how children's books portray the liminal nature of physical spaces such as the children's room in a library Others deal with more abstract portrayals such as the imaginary

space where Max goes to escape the reality of his bedroom in Maurice Sendak's *Where the Wild Things Are*. All of the contributors however provide keen insights into how liminal spaces figure in children's and young adult literature.

Multicultural Books for the Primary Grades Liz Rothlein, Terri Christman Wild, 1993. Educational resource for teachers, parents, and kids. *450 More Story Stretchers for the Primary Grades* Shirley C. Raines, 1994. Activities to expand children's favorite books. Primary grades. *Artists and Their Autobiographies from Today to the Renaissance and Back* Charles Reeve, 2022-11-25. Reading, life writing that runs from Tracey Emin, Faith Ringgold, and Judy Chicago to Marie Bashkirtseff, Benvenuto Cellini, and beyond. *Artists and Their Autobiographies from Today to the Renaissance and Back* investigates the intriguing, doubled truths of artists' autobiographies: truth in life and truth in art; authorial truths and the truth of their art as they saw it. However, this book focuses specifically on the truth of sincerity, which here follows classic discussions by Reindert Dhondt, Philippe Lejeune, and Lionel Trilling. It appears as a truth to self that floats free from facts to link avowal and feeling. From there, this volume merges autobiography studies with a history of ideas approach to art to trace sincerity's constancy and variability across times and cultures. Through this pre-disciplinary dialogue, this book shows that recent and historical artists' autobiographies differ in how, not if, they intertwine sincerity in life and art. Along the way, this volume leverages the foregrounding of sincerity caused by this doubling to explore such key issues of autobiography studies as autobiography's relation to fiction, serial autobiography as told to narrative, and what happens when liars claim to tell all.
