Laffin, 1965 **A National History of Australia, New Zealand the Adjacent Islands** Robert P. Thomson, 1917 Excerpt
from A National History of Australia New Zealand the Adjacent Islands From Their Discovery to the Centennial Era and From
That Period to the Present Day The want of a reliable fairly connected and consecutive account of the events of Australian
history must long since have been apparent to those who have taken sufficient interest in the past of their native or adopted
land to pursue the disconnected and incomplete records which so far are all that are available for the study of the inquirer or
earnest scholar In compiling this history to the Centennial year the author was confronted by the difficulty which was not so
patent in the subsequent addition that for a great portion of the period dealt with Australia was not one country politically
but any number up to six and that whilst it has been naturally one and indivisible and as such required a general national
history it also as political divisions of it were made called for a special account of the events of the individual units and as to
do reasonable justice to them needed that some of what was embodied in the account of the whole should be incorporated in
their individual narratives the presence of a certain amount of repetition was apparently unavoidable However if this has
lengthened the volume of the history the recapitulations will serve to impress facts that are dealt with on the minds of the
readers a consideration not without value having regard to the scarcity of knowledge of the history of this country that is
evidenced by the remarks of many persons in prominent positions About the Publisher Forgotten Books publishes hundreds
