World Population Problems:

The World's Population Quentin H. Stanford,1972 This book fills an important need as an introduction for non specialists to the basic elements of the very complex problems of the population explosion It presents 33 articles and extracts by various authorities and additional essays by the editor grouped in three sections Part 1 presents some of the more important information necessary to an examination of the problems Part II considers the roots of the present population crisis in terms of births and deaths and the implications of the present rate of growth and Part III considers solutions [U.S. Immigration Policy and World Population Problems](#) Virgil Salera,1960 **Proceedings of the World Population Conference** Margaret Sanger,1927 *Population Problems in the United States and Canada* American Statistical Association,1926 *Population Crisis* United States.
