Factfulness Hans Rosling, Anna Rosling Rönnlund, Ola Rosling, 2018-04-03 INSTANT NEW YORK TIMES BESTSELLER
One of the most important books I've ever read an indispensable guide to thinking clearly about the world Bill Gates Hans Rosling tells the story of the secret silent miracle of human progress as only he can But Factfulness does much more than that It also explains why progress is so often secret and silent and teaches readers how to see it clearly Melinda Gates Factfulness by Hans Rosling an outstanding international public health expert is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases Former U S President Barack Obama Factfulness The stress reducing habit of only carrying opinions for which you have strong supporting facts When asked simple questions about global trends what percentage of the world's population live in poverty why the world's population is increasing how many girls finish school we systematically get the answers wrong So wrong that a chimpanzee choosing answers at random will consistently outguess teachers journalists Nobel laureates and investment bankers In Factfulness Professor of International Health and global TED phenomenon Hans Rosling together with his two long time collaborators Anna and Ola offers a radical new explanation of why this happens They reveal the ten instincts that distort our perspective from our tendency to divide the world into two camps usually some version of us and them to the way we consume media where fear rules to how we perceive progress believing that most things are getting worse Our problem is that we don't know what we don't know and even our guesses are informed by unconscious and predictable biases It turns out that the world for all its imperfections is in a much better state than we might think That doesn't mean there aren't real concerns But when we worry about everything all the time instead of embracing a worldview based on facts we can lose our ability to focus on the things that threaten us most Inspiring and revelatory filled with lively anecdotes and moving stories Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future This book is my last battle in my life long mission to fight devastating ignorance Previously I armed myself with huge data sets eye opening software an energetic learning style and a Swedish bayonet for sword swallowing It wasn't enough But I hope this book will be Hans Rosling February 2017 **Whitaker's Book List**, 1991 *WorldView 4 Student Book 4A* W/CD-ROM Michael Rost, 2007-01-16 WorldView a four level course for adults covers a wide range of compelling topics from an international perspective Its trademark two page lessons ensure that students stay focused on clear and attainable language goals With its flexible format and course components WorldView responds to a variety of course needs Short units build fluency by focusing on specific language targets The Self Study Audio CD coordinates with the Student Book and Workbook to extend listening and pronunciation practice outside of class The WorldView To Go CD ROM provides fun interactive activities including model conversations with record and compare and role play A Grammar Reference section functions as a handy tool for instruction homework and review A Teacher's Resource Book contains a bank of supplementary
