Artificial Intelligence and the Future of Work: Humans in Control Ekkehard Ernst, Janine Berg, Phoebe V. Moore, 2024-10-01 Artificial Intelligence AI is rapidly advancing in areas such as pattern detection classification and prediction which were long thought to be the exclusive realm of humans These developments are triggering excitement about the potential of AI but are also raising concerns about possible risks The versatility of AI and its speed of development have led to a wide range of applications both in personal and professional environments The most dramatic effects are however in the world of work AI is impacting job loss and employability and causing a transformation of tasks in a range of occupations and sectors It is also affecting other aspects of the labor market such as recruitment performance monitoring and dismissal As such the development and implementation of AI are raising concerns about the future of work both in terms of its mere existence and quality with critical implications for the social fabric as well as future development prospects

Meanings of Public and the Future of Public Services David A. McDonald, 2022-09-09 Critically assessing meanings of the term public this book situates the emergence and expansion of public services within market based forms of production and consumption It highlights the potential for making public services more progressive within market societies but underscores their ongoing capture by private interests and emphasises the inherent limits of reform within a bourgeois public sphere The author explores opportunities for more expansive forms of non marketized public services examining emerging debates on the theory and practice of equitable participatory and sustainable forms of publicness that go beyond mere ownership The book then asks how we can build a robust international pro public movement that juggles universal needs with local context With a focus on essential public services such as water electricity and health the text is global in its scope and written for a broad audience It will be useful for those interested in social and public policy public services and public administration political theory economic geography social movements sustainability and development

Legal Aid and the Future of Access to Justice Catrina Denvir, Jacqueline Kinghan, Jessica Mant, Daniel Newman, 2023-07-27 This open access book provides a snapshot of the state of contemporary access to justice in England and Wales Legal aid lawyers provide a critical function in supporting individuals to address a range of problems These are problems that commonly intersect with issues of social justice including crime homelessness domestic violence family breakdown and educational exclusion However the past few decades have seen a clear retreat from the tenets of the welfare state including as part of this the reduced availability of legal aid This book examines the impact of austerity and related policies on those at the coalface of the legal profession It documents the current state of the sector as well as the social and economic factors that make working in the legal aid profession more challenging than ever before Through data collected via the Legal Aid Census 2021 the book is underpinned by the accounts of over 1000 current and

former legal aid lawyers These accounts offer a detailed demography and insight into the financial cultural and other pressures forcing lawyers to give up publicly funded work This book combines a mixture of quantitative and qualitative analysis allowing readers a broad appreciation of trends in the legal aid profession This book will equip readers with a thorough knowledge of legal aid lawyers in England and Wales and aims to stimulate debate as to the fate of access to justice and legal aid in the future The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on bloomsburycollections com

The Industrial Future of New England New England Labor Congress,1930 The Future of Work, Employment and Social Protection Peter Auer,Bernard Gazier,2002 This volume comprises the papers and debates of the second France ILO Symposium on the future of work employment and social protection Reflecting the aim of the Symposium itself the book provides in depth reflections on work employment and social protection Designed to be more than an account of the discussions this book is a useful tool for all those interested in labour market transition and the increasing importance of female labour for the future of the labour markets particularly in the developed world The book discusses the need for more family friendly policies and a more radical policy of equality between the sexes The legal dimensions of labour market change are also debated and the book explores the positive and negative sides of globalization and its links with technological change
