Triad Societies: The Hung-Society, or the Society of Heaven and Earth Kingsley Bolton, Christopher Hutton, 2000 This set comprises a comprehensive selection of colonial Western scholarly texts on Chinese secret societies from the early nineteenth century to the mid twentieth century It includes a selection of important papers on Chinese secret societies by a variety of scholars missionaries and colonial officials *Thoth, the Hermes of Egypt* Patrick Boylan, 1922 **The Triads** J. M. S. Ward, W. G. Stirling, 2014-07-10 First published in 2006 Claiming origins in the mysteries of the Shaolin monastery and its martial traditions the Triads are Chinese secret societies that overthrew the Qing Dynasty evolved into organised crime syndicates spread through the Chinese diaspora and are more powerful now than ever before The symbol of the Triads is a triangle enclosing the characters for heaven earth and man emblematic of the societies far reaching influence and membership involves challenging rites of initiation and the practice of complex rituals little changed over the centuries On one level these practices can be seen simply as the customs of a purely mystical order on another they may be seen as the organising principles by which secret societies continue to operate as powerful political organisations invisible in our midst This classic work the definitive study of the history symbols and secret rituals of the Triads reveals the Triad initiation ritual of the mystical journey sacred Triad signs words and slang the rite of the magic mirror and the oath of blood brotherhood the symbolic decoration of Triad temples Triad magic and the meaning of the sacred objects and ceremonies at the heart of Triad practice in minute detail The authors show that the Triad ritual is a potent mystical allegory with an immense power that can be used for good or ill **The Ancient Egyptian Books of the Earth** Joshua Aaron Roberson, 2014-06-23 Collections of scenes and texts designated variously as the Book of the Earth Creation of the Solar Disc and Book of Aker were inscribed on the walls of royal sarcophagus chambers throughout Egypt's Ramessid period Dynasties 19 20 This material illustrated discrete episodes from the nocturnal voyage of the sun god which functioned as a model for the resurrection of the deceased king These earliest Books of the Earth employed mostly ad hoc arrangements of scenes united by shared elements of iconography an overarching bipartite symmetry of composition and their frequent pairing with representations of the double sky overhead From the Twenty First Dynasty and later selections of programmatic tableaux were adapted for use in private mortuary contexts often in conjunction with innovative or previously unattested annotations The present study collects and analyzes all currently known Book of the Earth material including discussions of iconography grammar orthography and architectural setting The Hung Society Or the Society of Heaven and Earth John Sebastian Marlow Ward, William George Stirling, 1926 Isaiah's Kingship Polemic William D. Barker, 2014-11-19 William D Barker analyzes a wide array of possible ancient Near Eastern backgrounds to Isaiah 24 27 He finds that there is a uniquely Ugaritic background to the chapters with evidence of a literary framework and narrative progression that has been intentionally adopted and creatively adapted from either the Ba al Myth KTU 1 1 1 6 itself or a shared tradition between ancient Ugarit and ancient Israel Barker also closely

examines Isaiah 24 27 in the light of the Ugaritic material and thereby contributes to the resolution of some of the historic questions about the interpretation genre dating and function of Isaiah 24 27 A new epithet for the chapters is also proposed
