Solidarity In The Conversation Of Humankind:

Solidarity in the Conversation of Humankind Norman Geras, 2020-05-05 What are the sources of solidarity Do universalist motives have an important place among them And how are they related to arguments about human nature and about truth In this new book Norman Geras engages with the work of Richard Rorty to explore the paradoxes of a liberalism which rejects any determinate view of human nature He begins by examining Rorty's thesis concerning rescuer behavior during the Holocaust Measuring it against existing research on the subject and the testimony of rescuers themselves Geras questions Rorty's use of their moral example as a challenge to universalist assumptions He then considers some of the problems in Rorty's anti essentialism his shifting usages of human nature the paradoxical plea for extensive forms of solidarity on the basis of parochial communitarian premises the relationship of pragmatist notions of truth to issues of justice and the project of a democratic would be humanist utopia grounded only on contingencies *Solidarity in the Conversation of Humankind* is an imagined dialogue with Rorty influential eloquent and unorthodox champion of a human radical liberalism

Richard Rorty Michael Bacon, 2008-01-01 Michael Bacon gives a critical presentation of Rorty's writings on pragmatism and political theory comparing and contrasting him with pragmatists such as Hilary Putnam and Susan Haack and liberals such as John Rawls and Brian Barry The result is an imaginative presentation of one of contemporary philosophy's most innovative and important thinkers

Kierkegaard's Influence on Philosophy Jon Bartley Stewart, 2012 Tome III traces Kierkegaard's influence on Anglophone philosophy It has long been thought that Kierkegaard played no role in this tradition which for years was dominated by analytic philosophy In this environment it was common to dismiss Kierkegaard along with the then current European philosophers who were influenced by him However a closer look reveals that in fact there were several thinkers in the US Canada and Great Britain who were inspired by Kierkegaard even during the heyday of analytic philosophy Current thinking now suggests that Kierkegaard has made some serious inroads into mainstream Anglophone philosophy with many authors seeking inspiration in his works for current discussions concerning ethics personal identity philosophy of religion and philosophical anthropology

Beauty, Responsibility, and Power Leszek Koczanowicz, Katarzyna Liszka, 2014-09-01 This book addresses the interrelations between aesthetics ethics and politics in the framework of pragmatist aesthetics offering a comprehensive panorama of the ways and fields in which pragmatist aesthetics ties in with vital social and ethical problems of modernity Most of the contributors refer to the model propounded by Richard Shusterman Following in Dewey's footsteps Shusterman has elaborated and expanded his concept adding new dimensions to it The most important supplement is the idea of aesthetic experience being constituted by our bodiliness In somaesthetics pragmatism has acquired a new dimension a fully developed comprehensive aesthetic theory Pragmatist aesthetics with its essential notion of the body engages in critical dialogue with many key concepts of modernity which locate the body in social and cultural frameworks The articles collected in this volume illustrate the complex range of pragmatist aesthetics and its
