

Ss Inchulva

Emilie Sanchez

Ss Inchulva:

S.S. Inchulva Linda Reeves, 2003 S S Inchulva A Florida Shipwreck Rediscovered Lost in a hurricane in 1903 the S S Inchulva was hidden under the surface of the water a short distance from Florida s shore For decades divers visited the mysterious wreck and townspeople told stories about the ghost ship but the stories varied and the ship s true origin and identity were not known A ten year research project turned up a great deal of history and facts about the popular shipwreck In the 1990 s a state marker with a plaque telling the true history of the vessel was erected near the wreck s site for visitors to enjoy A decade passed before a bizarre set of twists and turns in January 2002 brought the ship s history to life A British captain searching for information about his missing grandfather connected his long lost relative with this ship after finding a bundle of letters which had been secretly hidden away in a trunk for nearly a century The letters written by the man s grandfather opened a window into the family s past and revealed the name of the missing forefather s ship but unfortunately no clue was revealed as to where or how the ship perished or what had become of the grandfather The letters intrigued the grandson a professional seaman himself and peaked his interest enough to begin a search and investigation to find out more The captain spent a year digging for information He searched books libraries and museums He came up with some interesting information and some fascinating ideas of his own about the ship s wreck By chance a few weeks after the letters turned up in England an underwater discovery was made near the site where the ship wrecked in Florida Amazingly the findings uncovered at the bottom of the ocean linked to the grandson s discovery in the trunk The seafloor findings also connected to the concerns written about in letters by the grandfather This story is something more human than historical facts and figures It is a story that sheds a little light on life at sea in the early 1900 s and on the days leading up to the last voyage of the Inchulva This story tells of the ship s crew and about the nine men whose lives were so abruptly taken on the day of the ship s demise It is also a tale of a town landmark and an underwater treasure of which many of the city s families have grown fond over the decades When the S S Inchulva wrecked September 11 1903 the tragedy touched many lives at the time But the wreck would continue to make an impact straight through to present day on the city where it crashed ashore so long ago
