Frase, Robert W. Hetzel, 1990 A TALE OF COURAGE AND THE QUEST FOR FREEDOM AGAINST ALL ODDS The land of Hadar lies since countless ages under a shroud of darkness An ancient Legend explains how all this has happened and fifteen year old Elran a true Korath believes in the story even as he surrenders to his fate of being a captive to the gloom possibly forever Then one day he meets Ayra the new girl in the village Through her Elran is drawn into the world of the Maldabrah a small mysterious commune whose people claim to have eyes that can pierce through the veil of darkness and see the light which they assert is shining bright upon the whole land There Elran learns about the tale of a mystical river flowing through a remote region a river in whose waters he is told ultimate freedom from the darkness can be found It could be the truth or a blatant lie Elran decides to find out But hardly has he begun his journey when he is hurled into a horrifying web of terror along with the threat of an unknown mystifying nature that seems intent to track and stop him with dogged determination Now Elran is trapped in a nightmare he never dreamed is possible a nightmare that turns his world upside down and changes him forever Staff Development Donald C. Conference,2003     *The Principal* Gerald C. Ubben,Larry W. Hughes,1992 This book provides a bridge from learning the theory of school administration to the practical problem solving in which school principals and other leaders engage This book continues to be based on the research indicating linkages between educational leadership and productive schools especially in terms of outcomes for children It supports the understanding that formal leadership in schools is a complex multi faceted task that requires continual learning and that effective school leaders must be strong educators focused on the central issues of learning teaching and school improvement School leaders must also be moral agents and social advocates for the children and communities they serve while working with community stakeholders to create learning communities that value and care for others as individuals and as members of the educational community For those aspiring to become principals or hold leadership positions     **Commitment to Excellence** Robert Harlan Davis,Allan J.
