

# LESSON 5

---

## KEYBOARD FAMILIARIZATION

### DOUBLE CHARACTER REPRESENTATIONS THE VOWEL "I" & INITIAL SIDE

Not all alphabetic letters are represented by single keys on the shorthand machine. Some require depression of two keys simultaneously.

**I = EU**

For example, there is no "I" on the keyboard. The letter "I" is represented by combining and striking together the letters "E" and "U." Whenever you see "EU" in your notes, call that combination what it represents — the letter "I."

This practice should apply to all future combinations which you will learn. Do not call combinations by the letters which are written. Call the combination the letter it represents.

Without looking at the machine, place your fingers on the home row of keys.

Practice EU for I by writing the following: (Remember, a hyphen following a letter means it is an initial consonant.)

S- I T- I K- I P- I W- I H- I R- I

In the following exercises, when two or more letters appear together, they are to be pressed simultaneously. That is, "SA" is written in one stroke, not two. This is also true for subsequent exercises.

#### KEYBOARD PRACTICE 5-1 DOUBLE CHARACTERS—INITIAL SIDE (Audio & Tutorial Exercise T05-1)

Practice writing these combinations:

SA TO KE PU WI HE RE RI  
SAI TOI KI PAE WOE HE HOI
