Theories of the Stranger Vince Marotta, 2016-09-13 In our global multicultural world how we understand and relate to those who are different from us has become central to the politics of immigration in western societies Who we are and how we perceive ourselves is closely associated with those who are different and strange This book explores the pivotal role played by the stranger in social theory examining the different conceptualisations of the stranger found in the social sciences and shedding light on the ways in which these discourses can contribute to an analysis of cross cultural interaction and cultural hybridity Engaging with the work of Simmel Park and Bauman and arguing for the need for greater theoretical clarity *Theories of the Stranger* connects conceptual questions with debates surrounding identity politics multiculturalism online ethnicities and cross cultural dialogue As such this rigorous conceptual re examination of the stranger will appeal to scholars across the social sciences with interests in social theory and the theoretical foundations of discourses relating to migration cosmopolitanism globalisation and multiculturalism [The Relationship Between Trust and Social Capital of China's Urban Residents](#) Zou Yuchun, 2022-11-25 This book analyzes the relationship between trust and social capital in contemporary Chinese society It attempts to clarify the differences in degree among various types of trust in China today and the logic of social actions hoping to provide a new perspective from which China's local social relationship networks can be understood The book contributes to the field of contemporary Chinese sociology in the numerous ways First it improves the methods for comparing the ways in which different types of trust are measured Second it analyzes the

regional differences in trust especially universal trust across China Third it discusses the impact of social capital social relations and their embedded resources on trust and tests the relationship for linearity and curvilinearity Fourth it explores whether the relationship between social capital and universal trust is regulated by institutional structural resources The analysis of the regulatory role of structural resources paves the way for a more comprehensive theory of the relationship between social capital and trust The book will be of interest to students and scholars of sociology contemporary China and East Asian studies It will also be a valuable source of reference for policymakers on the improvement of social institutions
