Sugar Cane:

The Nature and Properties of the Sugar Cane ... George Richardson Porter,1843 *Sugar Cane Cultivation and Management* H. Bakker,1999-08-31 This volume is intended for reference by the commercial sugar cane grower Disciplines are covered for the successful production of a sugar cane crop A number of good books exist on field practices related to the growing of sugar cane Two examples are R P Humbert s *The Growing of Sugar Cane* and Alex G Alexander s *Sugarcane Physiology* Volumes of technical papers produced regularly by the International Society of Sugar Cane Technologists are also a source of reference Perhaps foremost local associations such as the South African Sugar Technologists Association do excellent work in this regard In my forty five years of experience with the day to day problems of producing a satisfactory crop of sugar cane deciding what should be done to produce such a crop was not straightforward Although the literature dealing with specific subjects is extensive I tried to consolidate some of the material to provide the man in the field with information or an overview of the subject matter **Cultivation of Sugar Cane ...** ,1900 *The Sugar Cane* ,1880

Manual on the Cultivation of the Sugar Cane Benjamin Silliman (Sr.),1833 **The Sugar Cane in Egypt** Walter Tiemann,1903 **The Growing of Sugar Cane** Roger P. Humbert,2013-09-24 The Growing of Sugar Cane develops the fundamental principles of the growing of cane in the hope that cane culture throughout the world will benefit by it The tremendous strides made in recent years in the knowledge of how to improve the growing of sugar cane form the subject of this treatise Cane growing is not a science As the results of research replace tradition and guesswork yields are expected to continue to rise The book opens with a chapter on the factors that affect sugar cane growth This is followed by separate chapters on seedbed preparation sugar cane planting the nutrition and irrigation of sugar cane drainage weed control flowering control ripening and maturity harvesting and transportation and pest and disease control The Sugar Cane Industry J. H. Galloway,2005-11-10 This book is a geography of the sugar cane industry from its origins to 1914 It describes its spread from India into the Mediterranean during medieval times to the Americas and its subsequent diffusion to most parts of the tropics It examines the changes in agricultural and manufacturing techniques over the centuries and its impact in forming the multicultural societies of the tropical world The Chinese Sugar-cane ,1857 *The Chinese Sugar-Cane; Its History, Mode of Culture, Etc* James F. C. Hyde,1857 Raising Sugar Cane Barry Raffray,2016-06-14 This book is about the life of a little boy born during WW II raised on a sugarcane plantation in Southern Louisiana These were hard times for poor folks who had to work very hard to earn meager living wages to support their families Although money was scarce living and working on the land allowed you to grow and raise much of your food which the city people could not do Generally one had food or the means to get food if you were inclined to do so by working extra time on the land provide it was after your normal work day was completed Some landowners would not allow workers to use their land for gardens Times were hard and folks were poor but most of us did not know we were poor because all of our friends and neighbors had the same things

we had nothing You made the most of what you did have It was a simple time when you could grow your own food and make your own toys to entertain yourself and your friends As a youngster I had plenty fun times growing up on the plantation This book is about some of those times as best as I can recall them Most of this book is written in the manner that we talked before education came into play If this story were told with proper English and punctuation the reader would miss out on the flavor of the times of these happenings
