Evidence and Religious Belief Kelly James Clark, Raymond J. VanArragon, 2011-07-28 A fundamental question in philosophy of religion is whether religious belief must be based on evidence in order to be properly held In recent years two prominent positions on this issue have been staked out evidentialism which claims that proper religious belief requires evidence and Reformed epistemology which claims that it does not Evidence and Religious Belief contains eleven chapters by prominent philosophers which push the discussion in new directions The volume has three parts The first part explores the demand for evidence some chapters object to it while others seek to restate it or find space for compromise between Reformed epistemology and evidentialism The second part explores ways in which beliefs are related to evidence that is ways in which the evidence for or against religious belief that is available to a person can depend on that person's background beliefs and other circumstances The third part contains chapters that discuss actual evidence for and against religious belief Evidence for belief in God includes the so called common consent of the human race and the way that such belief makes sense of the moral life evidence against it includes profound puzzles about divine freedom which suggest that it is impossible for a being to be morally perfect *Serious about Series* Silk Makowski, 1998-10-15 An insightful evaluation of over fifty popular series with an introduction that analyzes the teen series paperback genre and its significance for both teen reading practices and library services Hundreds of titles are annotated in the book Makowski provides distinct criteria by which these series can be judged for quality within their genre and emphasizes them as an inexpensive way to fulfill patron needs and increase circulation by bringing young people often considered non readers into the library **The Canadian National Record for Swine**, 1923 *Dixie's First Kiss* Cherie Bennett, 1994 [Holstein-Friesian Herd-book](#) Holstein-Friesian Association of America, 1929 **Remember Me** Cheryl Lanham, 1996 A new teen tearjerker in the heartwrenching Dear Diary series for young adults LEEANNE never thought she'd love working at the hospice so much or that it would be so hard Her new friend Gabriel isn't like other boys He is dying But in his final days he has one last lesson to teach her *The Therapeutics of Facial and Sciatic Neuralgias* Frederick H.
