*TONY FRETTON BUILDINGS and PROJECTS DRAWING* Davidovici FRETTON, Irina Davidovici, Tony Fretton, Christoph Grafe, Mark Pimlott, 2025-04-14 *Tony Fretton Architects* Tony Fretton Architects, 2007 *Architecture, Experience and Thought* Mark Cousins, Kenneth Frampton, Tony Fretton, 1998 Tony Fretton's architecture practice is closer than most to the London art world. Dramatic and provisional, it contains a subversive sense of street art that seems inimical to architecture. A central concern is with the relationship between people and the material world. *Architecture Experience and Thought* explores these themes in six recent buildings by Fretton, some completed, some frozen at proposal stage: the Sway Centre for Visual Arts, Quay Arts Centre, Laban Centre for Dance, Open Hand Studios, and two houses. Critical assessments of the work are provided by Mark Cousins and Kenneth Frampton. *Architects Today* Kester Rattenbury, Robert Bevan, Kieran Long, 2006-08-10 This volume offers both an introduction to and an insight into key contemporary architects, as well as giving a snapshot of the varied nature of architecture today. For each architect, there are details of their life and work and illustrations of their most representative and iconic buildings. *Ultimate London Design* Christian Datz, Christof Kullmann, 2006 London has a well-deserved reputation as a premier European design and style center. This volume covers up to the minute London design from the worlds of architecture, interiors, and fashion. This truly is a comprehensive survey with coverage of cultural, commercial, and residential spaces. In addition, there's an analysis of product design and other specialized areas. With a multitude of works from both Londoners by birth and those who've made their home there, this tome helps you stay in sync with all that's happening in the British capital. *New Stone Architecture* David Dernie, 2003 A discussion of stone construction and the nature of stone as a material. Aimed at practising architects and students, this study describes the new technologies that make the new stone forms possible. This is followed by 33 case studies from around the world. **Tony Fretton Architects** Tony Fretton, 2014-05-22 A comprehensive overview on the work of renowned London architect Tony Fretton, born 1945. After graduating from the reputable Architectural Association in 1982, Fretton opened his own architectural office. He attracted attention early on with the Lisson Gallery and the Red House London. His spatial creations and their incorporation into the urban context are of subtle mastery. With his designs for the Camden Arts Centre, the Fuglsang Kunstmuseum in Denmark, London townhouse for the artist Anish Kapoor, and the British embassy in Warsaw, Fretton has emerged as one of the most prominent contemporary architects. This monograph provides a long-awaited reference work to his oeuvre. Since 1999, Tony Fretton has been a visiting professor at the following universities: Technical University Delft, Ecole Polytechnique Fédérale Lausanne, Berlage Institute Amsterdam, Harvard University Graduate School of Design, Eidgenössische Technische Hochschule ETH Zurich. **A Critical History of Contemporary Architecture** Elie G. Haddad, David Rifkind, 2016-12-05 1960, following as it did the last CIAM meeting, signalled a turning point for the Modern Movement. From then on, architecture was influenced by seminal texts by Aldo Rossi and Robert Venturi and gave rise to the first revisionary

movement following Modernism Bringing together leading experts in the field this book provides a comprehensive critical overview of the developments in architecture from 1960 to 2010 It consists of two parts the first section providing a presentation of major movements in architecture after 1960 and the second a geographic survey that covers a wide range of territories around the world This book not only reflects the different perspectives of its various authors but also charts a middle course between the aesthetic histories that examine architecture solely in terms of its formal aspects and the more ideological histories that subject it to a critique that often skirts the discussion of its formal aspects **Tony Fretton**
