delivers a brilliant rethink of the crisis we face radically reimagining the stories we tell ourselves about the world and illuminating the ways humanity might become the solution rather than the problem What if we were to choose courage and resolve rather than fear What if we discovered the difference each of us could make and started to listen closely to what the earth is saying and to our own connections with it In the tradition of the great eco theologian Thomas Berry *Minding the Earth Mending the World* offers a profoundly hopeful second chance to engage with what it means to deeply mind the earth once more
