Woman In Islam:

Role of Muslim Woman in Society Afzal-ur-Rahman,1986 In this book an attempt is made to describe the possible role of Muslim woman in a modern society in the light of the Qur'an and of the Sunnah of the Prophet Muhammad In this respect special consideration will be given to the effect of natural factors on the respective spheres of operation of the sexes woman's position and status in society whether equal or unequal and whether the respective roles of the sexes have any influence in determining their status and role in society

The Rights of Women in Islam Asghar Ali Engineer,1996 This book is a long overdue reassessment of women's rights in Islam which have long been widely misunderstood and misinterpreted The fundamentalists unmindful of the social context in which Quranic verses on the subject were written have tried to portray men as superior human beings to women The author a renowned scholar has sought to set the record straight by reinterpreting the women's rights in the true Quranic spirit He argues quite convincingly that the Holy Book gives equal rights to both the sexes and that it does not discriminate between them in respect of personal democratic and human rights An activist in women's struggle for equality he has provided Muslim feminists with a powerful weapon for their fight for equality with men He examines in depth the question whether in a secular society Muslim Personal Law needs any change and if so in which direction reforms should be undertaken The related issue of introduction of a common civil code doing away with religiously discriminating laws is considered

Woman in Islam Ahmad Zaki Yamani,2005 *Purdah and the Status of Woman in Islam* Syed Abul 'Ala Maudoodi,1972 Women and Men in the Qur'ān Asma Lamrabet,2018-05-02 This book distinguishes Islam as a spiritual message from the sociopolitical context of its revelation While the sacred text of the Quran reveals a clear empowerment of women and equality of believers such spirit is barely reflected in the interpretations Trapped between Western rhetoric that portrays them as submissive figures in desperate need of liberation and centuries old parochial interpretations that have almost become part of the sacred Muslim women are pressured and profoundly misunderstood Asma Lamrabet laments this state of affairs and the inclination of both Muslims and non Muslims to readily embrace flawed human interpretations that devalue women rather than remaining faithful to the meaning of the Sacred Text Full of insight this study carefully reads the Qur'an to arrive at its deeper spiritual teachings

Woman in Shari'ah (Islamic Law) Abdur Rahman I. Doi,1989 **In Search of Islamic Feminism** Elizabeth Warnock Fernea,1998-11-10 An acclaimed Arab Studies scholar and bestselling author offers a groundbreaking new interpretation of the status and vision of Muslim women and challenges our own sense of the meaning of feminism Islamic feminism would seem a contradiction in terms to most Westerners We are taught to think of Islam as a culture wherein social code and religious law alike force women to accept male authority and surrender to the veil How could feminism emerge under such a code let alone flourish Now traveling throughout Central Asia Africa and the Middle East as well as Islamic communities in the United States acclaimed Arab Studies scholar and bestselling author Elizabeth Fernea sets out to answer that question Fernea s dialogue with friends colleagues and acquaintances prompts a range of diverse and unpredictable responses but in every country she visits women demonstrate they are anything but passive In Iraq we see an 85 percent literacy rate among women in Egypt we see women owning their own farms and in Israel we see women at the very forefront of peacemaking efforts Poor or rich educated or illiterate these women define their own needs solve their own problems and determine the boundaries of their own very real very viable feminism
