Free Expression, Globalism, and the New Strategic Communication Monroe E. Price, 2014-12-15 Vast changes in technologies and geopolitics have produced a wholesale shift in the way states and other powerful entities think about the production and retention of popular loyalties Strategic communication has embraced these changes as stakes increase and the techniques of information management become more pervasive These shifts in strategic communications impact free speech as major players in a global context rhetorically embrace a world of transparency all the while increasing surveillance and modes of control turning altered media technologies and traditional media doctrines to their advantage This book exposes the anxieties of loss of control on the one hand and the missed opportunities for greater freedom on the other New
