An Investigative Cinema Fabrizio Cilento, 2018-07-17 This book traces the development of investigative cinema whose main characteristic lies in reconstructing actual events political crises and conspiracies These documentary like films refrain from a simplistic reconstruction of historical events and are mainly concerned with what does not immediately appear on the surface of events Consequently they raise questions about the nature of the truth promoted by institutions newspapers and media reports By highlighting unanswered questions they leave us with a lack of clarity and the questioning of documentation becomes the actual narrative Investigative cinema is examined in relation to the historical conjunctures of the economic miracle in Italy the simultaneous decolonization and reordering of culture in France the waves of globalization and neoliberalism in post dictatorial Latin America and the post Watergate post 9 11 climate in US society Investigative cinema is exemplified by the films Salvatore Giuliano The Battle of Algiers The Parallax View Gomorrah Zero Dark Thirty and Citizenfour
