Too Secret Too Long:

Unholy Trinity Mark Aarons, John Loftus, 1998-06-15 Written in riveting fashion by the coauthors of *The Secret War Against the Jews* Mark Aarons and John Loftus's *Unholy Trinity* tells one of the darkest tales of World War II After the war had ended fearing a surge of Soviet growth the Papacy entered into an espionage alliance with British and American intelligence agents Subsuming justice to the nascent Cold War ideology these three powers ferreted Nazi criminals out of Europe so that they could be used in the supposedly greater fight against Communism The Vatican's Nazi smuggling network was penetrated by Prince Anton Turkul the great Soviet double agent who turned the operations into a sting for his masters in the Kremlin *Unholy Trinity* exposes Turkul's Red Nazi operation for the first time and shows how Kim Philby the infamous British Soviet double agent and his network were nearly sacrificed to preserve Turkul's Vatican operation Exploring the Vatican's role in aiding Nazi criminals to escape punishment for their crimes this book originally published in 1991 first revealed the Vatican Swiss bank connection to Nazi gold and documented the hidden links to Western investors in Nazi Germany Since its publication major revelations about the role of Swiss banks have confirmed *Unholy Trinity*'s expose of the flight of the Nazi's stolen treasures the new introduction and new final chapters written by Aarons and Loftus for this edition bring the book completely up to date and show how the media have missed the vital Vatican connection in the Swiss bank story Among other things the authors demonstrate that U S and British code breakers were fully aware of the Holocaust as early as 1941 but lied to the Western press that the code breakers bugged the Swiss banks and then buried secrets of Nazi gold transfers to protect U S intelligence chief Allen Dulles and that the Australian British and Canadian governments are still waging a campaign to keep their citizens ignorant about the Nazi war criminals living among them Covering all these topics and more *Unholy Trinity* is the definitive history of a series of profoundly disturbing cover ups involving the Holy See Allen Dulles the Swiss banks and the remnants of the Third Reich

[The Secret State](#) Richard C. Thurlow, 1995-01-09 This is a history of the secret activities of the British government in response to threats to the nation's well being and stability during the twentieth century It is based on intensive and widespread research in private and public archives and on documents many of which have only recently come to light or been made available The dangers perceived by the state have been manifold and various coming from within and from abroad Anarchists fascists socialists communists the IRA trades unionists and animal activists as well as spies terrorists and saboteurs have been the subject of undercover investigation along with almost every large scale movement from suffragettes to campaigners for peace and nuclear disarmament The author describes the methods and people employed and the mixed nature of their results The British state has always seen itself as civil and liberal but as Dr Thurlow shows it has sometimes been far from open The government has had many weapons at its disposal from public order acts censorship internment and proscription on the one hand to covert operations infiltration and manipulation on the other Yet when examined in the light of new evidence the activities of the state are fully

comprehensible only in terms of those who comprised it The author shows the tensions among the departments between MI5 MI6 SIS and the Special Branch for example and the crucial part played by individuals whose motives were often far from what the government supposed them to be This is an at times disturbing at others almost comical but always fascinating account It throws light on the inmost workings of the state as well as on the movements and people subject to investigation and action

The Eagle in the Mirror Jesse Fink,2024-05-21 Part biography part forensic jigsaw puzzle part cold case detective investigation The Eagle in the Mirror is the astonishing untold story of Charles Howard Dick Ellis the Australian born British intelligence officer and master spy accused by some espionage experts of being the traitor of the century The longest serving spy for the Secret Intelligence Service MI6 Ellis came to New York at the beginning of World War II as deputy to William Stephenson at British Security Coordination BSC and helped set up for William Donovan the Office of Strategic Services OSS what would eventually evolve into the Central Intelligence Agency CIA At one point in the 1940s he was considered one of the top three secret agents in MI6 controlling its activities for half the world Ellis allegedly received prior warning of the Japanese attack on Pearl Harbor and through the conduit of Stephenson relayed that warning to President Franklin D Roosevelt After World War II Ellis was awarded the Legion of Merit by President Harry S Truman But in the 1980s espionage writer Chapman Pincher and retired Security Service MI5 intelligence officer Peter Wright posthumously accused Ellis of having operated as a triple agent for Nazi Germany and the Soviet Union In 1965 while under interrogation in London Ellis had allegedly made a confession that he had supplied information to the Nazis prior to the war The scope of Ellis s purported betrayal was considered even worse than notorious British traitor and double agent Kim Philby who defected to the Soviet Union in 1963 However Pincher s and Wright s accusations against Ellis have never been comprehensively proven Was Ellis guilty or was an innocent man framed Did he take the fall for someone else Or had the intelligence agencies of the United States the United Kingdom and Australia been fatally compromised by a super mole Jesse Fink unravels a gripping real life international whodunit in this long overdue biography of the unheralded Dick Ellis one of the most consequential figures in modern history

Now that's what I call a history of the 1980s Lucy Robinson,2023-07-18 Now that s what I call a history of the 1980s tells the story of eighties Britain through its popular culture Charting era defining moments from Lady Diana s legs and the miners strike to Glastonbury s Pyramid Stage and Adam and the Ants Lucy Robinson weaves together an alternative history to the one we think we know This is not a history of big geopolitical disasters or a nostalgic romp through discos shoulder pads and yuppie culture Instead the book explores a mashing together of different genres and fan bases in order to make sense of our recent past and give new insights into the decade that defined both globalisation and excess Packed with archival and cultural research but written with verve and spark the book offers as much to general readers as to scholars of this period presenting a distinctive and definitive contemporary history of 1980s Britain from pop to politics to cold war cultures censorship and
