

The background of the cover is a textured, blue-grey wash. In the upper left, there is a dark, circular opening, possibly a cave or a tunnel. Inside this opening, a small, dark silhouette of a person stands on a path that leads towards a large, bright, white, snow-covered mound. The mound has some yellow and orange tones at its base, suggesting a fire or a warm light source. The overall mood is contemplative and mysterious.

practical advice to help you harness the transformative power of the menopause and thrive in your life It s time to redefine menopause This pivotal time of life is often mistakenly viewed as a health crisis that is suffered from or coped with and misinformation and myths around menopause can leave you feeling ignored and misunderstood Wise Power is the radical new story of menopause illuminating its power and potential Pioneers of the menstruality revolution and the founders of Red School Alexandra Pope and Sjanie Hugo Wurlitzer explain how to embrace menopause as a sacred rite of passage an initiation that grows your authority steeps you in purpose and awakens you to great power and wisdom They show you how to prepare for menopause through each life stage from menarche to your final menstrual cycles make sense of what you re experiencing during perimenopause recognize and accept when you enter menopause and trust that a meaningful process is at work navigate the five phases of menopause and receive their unique gifts embrace the rhythms of your postmenopause life unlock your true potential and step onto your path of power and leadership Written with humour fierce tenderness and practicality Wise Power restores the dignity of menopause guiding you home to yourself to a sense of belonging Deep Origin Healing Robert Maddox,Janice Maddox,2019-12-09 Are we a microcosm of the emotional psychological and spiritual dysfunction we see all around us in our families in our societies and in the world In what way are we affected by and do we perpetuate this chaos Why haven t personal healing paths manifested change on a larger scale How can we create transformational healing that is inclusive of the entire macrocosm DEEP Origin explores how fallen natures became imprinted on our hearts passing through the lineage to reconstitute themselves in each successive generation as dysfunctional emotional human patterns Early life experiences trigger the creation of psychic wounds in each of us reminiscent of the original breakdown in the Garden of Eden These wounds were perceived as unbearable to our child selves and we reacted by creating the personality defenses and masks we live behind DEEP Origin Healing starts with the premise Where there is Divine Energy there can be Emotional Process Bringing God and Goddess love into the equation changes everything Mortal Spirit Brian Gleason,2001-11 Mortal Spirit takes us on a compelling journey from naivete to wisdom from instinct to heightened consciousness In an age dominated by psychopharmacological and solution focused treatments for human discontents many of us have turned to spiritual teachings for succor Yet here too we often do not find the answers we desire Human development and spiritual evolution are part of a continuum of self transcendence Mortal Spirit is the recognition of our ever evolving nature The power of Brian Gleason s message is in his willingness to challenge the sacred cows of both psychology and spirituality Gleason cogently argues that until we accept the biological realities of our beingness we will forever flounder in a fantasy world of hoped for immortality To be fully alive in this very moment is the highest spiritual challenge We cannot get there through traditional psychotherapy or classical spiritual practices alone Gleason s elegant work opens us to a new paradigm called spiritual somatics Here we learn that the human energy field must embrace all the potent forces of the universe in a developmentally appropriate sequence Both pleasure and pain must be fully

experienced on this path The capacity to tolerate strong emotions is fundamental to self transcendence Spiritual somatic theory suggests that body and spirit must develop in harmony for personal evolution to unfold *The Masks of Hamlet* Marvin Rosenberg,1992 Every reader is an actor according to Rosenberg To prepare the actor reader for insights Rosenberg draws on major interpretations of the play worldwide in theatre and in criticism wherever possible from the first known performances to the present day The book is rich and provocative on every question about the play **Bringing Yoga to Life** Donna Farhi,2008-07-08 Internationally renowned and bestselling author Donna Farhi moves yoga practice beyond the mat into our everyday lives restoring the tradition s intended function as a complete practical philosophy for daily living Expanding upon the teachings of Patanjali s Yoga Sutras the core text of the yoga tradition Donna Farhi describes yoga s transforming power as a complete life practice far beyond its common reduction to mere exercise routine or stress management This is the philosophy of yoga as a path to a deeper awareness of self Drawing upon her years of teaching with students Farhi guides readers through all the pitfalls and promises of navigating a spiritual practice Farhi s engaging and accessible style and broad experience offer important teachings for newcomers and seasoned practitioners of yoga alike And because her teachings of yoga philosophy extend into every corner of daily life this book is an equally accessible guide to those seeking spiritual guidance without learning the pretzel bendings of the physical practice itself As one of the top teachers worldwide Farhi s exploration of the core philosophy of yoga is destined to become an instant classic **Deeper Still** John Stirk,2021-01-14 Deeper Still is the next stage of an ongoing process and a consequence of further inquiry into the yoga experience from author John Stirk Following on from *The Original Body* this book invites an even deeper immersion into the reality of practice and the totality of personal experience in accessing the power of our inner teacher As the theme of this book unfolds the reader is invited towards a sensory understanding leading to profound insight Teachers using this book will be able to share with their students the clarity mental space and basic wisdom that emerges as a result of their awakening physiology We may frequently acknowledge that we are there with the group Experience may tell us that there ness is not fixed that it is based on an unknown element upon which all creativity is founded Deeper Still goes beyond current experience and invites teachers to write their own story develop their own script ride the uncatchable wave that might be called yoga and open up creativity to the next level Deeper Still enables teachers to take their students to a deeper dimension It also provides a basis for off the chart experiences appeals to the depth mind through a deepening physical experience invites a more profound contact with groups brings out the essence of yoga in students as a consequence of a deeper creativity highlights emergent insight as a feature of group work blends an ancient concept with modern western yoga draws attention to the relationship between soft tissue sensitivity and the quality of xonsciousness examines the potential for abundant resonance in group work and the so called universal experience **Strategies for Educational Change** Raphael O.
