**Sugar Addiction** Elizabeth Brown Rufus,2008-01-01 *Sugar Addiiction* Elizabeth Brown Rufus,2005 A *Step-By-Step Guide to Overcoming and Curing Sugar Addiction Fast and Forever* Edgar Baker,2015-12-17 Do you struggle with sugar addiction Do you constantly crave sugar and you don t know how to make it stop The debate of whether or not someone can be addicted to sugar is still ongoing with experts saying that is possible for people to be addicted A person can be addicted to sugar in the same way one gets addicted to heroin or nicotine We are programed to like sugar however some people are more prone to sugar addiction than others because of genes and biological factors Most people use sugar as a form of temporary medication to boost their energy and mood in general Reports that have been released recently claim that the percentage of people who are addicted to sugar has risen since the 1900s *Food and Addiction* Kelly D. Brownell,Mark S. Gold,2012-08-02 Can certain foods hijack the brain in ways similar to drugs and alcohol and is this effect sufficiently strong to contribute to major diseases such as obesity diabetes and heart disease and hence constitute a public health menace Terms like chocoholic and food addict are part of popular lore some popular diet books discuss the concept of addiction and there are food addiction programs with names like Food Addicts in Recovery Anonymous Clinicians who work with patients often hear the language of addiction when individuals speak of irresistible cravings withdrawal symptoms when starting a diet and increasing intake of palatable foods over time But what does science show and how strong is the evidence that food and addiction is a real and important phenomenon *Food and Addiction A Comprehensive Handbook* brings scientific order to the issue of food and addiction spanning multiple disciplines to create the foundation for what is a rapidly advancing field and to highlight needed advances in science and public policy The book assembles leading scientists and policy makers from fields such as nutrition addiction psychology epidemiology and public health to explore and analyze the scientific evidence for the addictive properties of food It provides complete and comprehensive coverage of all subjects pertinent to food and addiction from basic background information on topics such as food intake metabolism and environmental risk factors for obesity to diagnostic criteria for food addiction the evolutionary and developmental bases of eating addictions and behavioral and pharmacologic interventions to the clinical public health and legal and policy implications of recognizing the validity of food addiction Each chapter reviews the available science and notes needed scientific advances in the field
