Shakespeare's Sonnets Philip Martin,2010-06-24 This study closely analyses sonnets to bring out what they can tell us of different kinds of love particularly self love the relation of these to the world of natural growth and temporal succession and finally the ways in which art can properly be defined as a form of love **Shakespeare and the Authorship of the Sonnets** Dennis Hirsch,2024-02-28 The persona of Edward de Vere represents a contrast to the canonical Stratfordian image of Shakespeare His adulterous affair with a teenage girl half his age his complicity in acts of treason against Queen Elizabeth and the bankruptcy of his earldom due to his lavish spending all combine to paint a picture of a man contrary to the Stratfordian ideal However it is this unattractive portrayal of him that supports the argument that de Vere wrote the sonnets since the sonnets themselves offer up underlying messages of ridicule deception avarice and sexual obsession that doggedly champion the author s own best interests above others This work presents an Oxfordian reading of the sonnets and the problematic life of Edward de Vere the 17th Earl of Oxford **Close Reading for the Twenty-First Century** Dan

Sinykin,Johanna Winant,2025-10-21 A user s guide to the fundamental practice of literary studies providing context examples and practical exercises Close reading making an argument based in close attention to a text is the foundation of literary studies This book offers a guide to close reading treating it as a skill that can be taught and practiced It first explains what close reading is what it does and how it has been used across theoretical schools ranging from affect studies to Black studies to queer theory to Marxism It then presents a series of master classes in the practice with original contributions by scholars from a range of different institutions Finally it provides practical materials worksheets and suggested activities for instructors to use in the classroom The tone throughout is encouraging and accessible inviting readers of all backgrounds to hone their craft The book divides the practice of close reading into five steps coining a term for each step scene setting noticing local claiming regional argumentation and global theorizing It traces the roots of close reading showing how it has spread far beyond its origins in practical criticism and New Criticism In twenty one short chapters contemporary scholars discuss close readings by such prominent literary critics as Erich Auerbach and Helen Vendler describing how their arguments work and how to achieve similar results An essential resource for instructors and students at the undergraduate level and beyond this book shows how understanding close reading can make us better readers thinkers and writers
