The poster features a central collage of characters from the film, including a man in a turban, a woman in a sari, and several children. The background is a dark, swirling blue and green, with golden light rays emanating from behind the characters. At the bottom, the silhouettes of three people are shown in a prayerful pose against a glowing orange and yellow background that suggests a temple or a magical landscape.

Temple Magic:

The Temple of High Magic Ina Custers-van Bergen,2010-03-09 A practical guide to pathworking and other esoteric techniques from the ancient mystery schools predating Christianity Explains the dynamics of both group ritual and solo practice Shows that temples of high magic are not mere physical structures but inner edifices created by sustained meditative practice Explains why this practice is sometimes called the Yoga of the West Before the advent of Christianity early civilizations had at the heart of their spiritual traditions mystery schools that offered a corpus of training methods in what is now called magic The persecution of heresies that followed the establishment of Christianity as Rome's state religion a persecution that reached its high point during the Middle Ages forced the degradation and disappearance of this training system While the knowledge of these mystery traditions jealously guarded by secret societies has begun to emerge the actual techniques and practices of spiritual magic have remained hidden The Temple of High Magic provides the practical knowledge of these techniques for modern spiritual seekers who wish to incorporate the proven esoteric techniques of the magi into their lives This book explains the dynamics of group ritual and solo practice as well as the critical role played by the kabbalistic tree of life the key to inner knowledge Ina Custers van Bergen shows that temples of high magic are not mere physical structures but are the inner edifices willed into being by a sustained meditative practice and pathworking using key symbols from ancient Hebraic and Egyptian traditions Sometimes called the Yoga of the West this spiritual magic is a system of esoteric development that seeks to create full union between the magician and the divine

Contemporary Religious Satanism Jesper Aagaard Petersen,2016-12-05 The Church of Satan was founded by Anton LaVey on April 30 1966 In his hands Satan became a provocative symbol for indulgence vital existence natural wisdom and the human being s true animal nature At present religious Satanism exists primarily as a decentralized subculture with a strong internet presence within a larger Satanic milieu in Western culture Though most are inspired by LaVey the majority of contemporary Satanists are not members of the Church of Satan The various expressions of modern Satanism all navigate in today s detraditionalized religious market through the creative appropriation of popular culture philosophy literature and religion The concrete solutions are varied but they all understand the power of transgression allying oneself with a most powerful symbol of resistance namely Satan Thus contemporary religious Satanism could be understood as a complex negotiation of atheism secularism esotericism and self A self religion in the modern age Despite the fascinating nature of religious Satanism it has attracted little scholarship until relatively recently This book brings together a group of international scholars to produce the first serious book length study of religious Satanism presenting a collection that will have wide appeal to specialists and non specialists alike The first part contains broader studies of influential groups and important aspects of the Satanic milieu especially regarding historical developments the construction of tradition and issues of legitimacy The second part narrows the view to regional variations especially with studies on Northern and Eastern Europe The third part consists of primary documents selected for their representational and informational value **The Great Book of Magical Art, Hindu Magic and East Indian Occultism** Lauron William De Laurence,1915 **Journal** Asiatic Society (Kolkata, India),1879 *He-Man and the Masters of the Universe: A Character Guide and World Compendium* Val Staples,James Eatock,Josh de Lioncourt,Danielle Gelehrter,2017-05-23 This is the most comprehensive guide ever published covering all things Masters of the Universe and Princess of Power from 1982 through today The universe of He Man and She Ra is full of mystery And thanks to over four thousand individual entries covering characters beasts vehicles locations weapons and magic you can learn the secrets of this entire universe **Babylonian Liturgies** Stephen Langdon,1913 **The Gentile and the Jew in the Courts of the Temple of Christ: The religions of the west: Etruria-Rome-Gaul-Germany** Johann Joseph Ignaz von Döllinger,1906 **Decoding the Osirian Myth** Panagiota Sarischouli,2024-09-23 The earliest written references to the Osirian myth complex appeared already in the Pyramid Text spells c 2400 2300 BCE The most complete exposition of this ancient Egyptian myth is however found in the Greek treatise

On Isis and Osiris in which the 2nd century CE Platonist Plutarch utilises Egyptian mythology to advocate his philosophical ideas concerning the divine and the nature of the cosmos This book aims at decoding Plutarch s narrative of the Osirian myth linking his claims to the existing Egyptian and Greek parallels It thus analyses a multitude of mythic and religious traditions from a transcultural perspective exploring the relation of the Pharaonic features of the Osirian divinities to the features they had acquired in Ptolemaic and Roman times interpreting the Egyptian myth within the overall framework of parallel mythologies from other cultures and examining whether the brief mythic stories historiolae recited in Late Egyptian ritual texts can be deployed to enrich the context of certain obscure episodes in Plutarch s account of the myth The book will be of great interest not only to scholars and students of Plutarch and later Middle Platonism but also to Egyptologists Due to its thematic variety and scope this publication will also appeal to a wider array of readers specialists and non specialists alike interested in religious syncretism interreligious connections and the challenge of multiculturalism from Hellenistic times until Late Antiquity
