

The Postwar World

Richard Bailey

The Postwar World:

The Postwar World ..., 1945 The difficulties of making peace by Hastings Eells Power politics and the postwar world by R S Lynd The problem of Germany by J L Hromadka The treatment of a defeated Japan by T A Bisson Rebuilding a war torn world by F B Sayre China America's Pacific ally by Y C Yang Problems of the small states in the postwar world by V M Dean A postwar world organization for peace by H A Atkinson Soviet Russia and the postwar world by J L Childs Economic welfare and world peace by H G Hayes Competition and monopoly in the postwar world by Clair Wilcox International organization after the war by M O Hudson American attitudes and leadership by H H Burton

Planning for the Postwar World Nelson Thomas Whyatt, 1971

The United States and Japan in the Postwar World Akira Iriye, Warren I. Cohen, 1993-12-01 The rise of Japan as a leading international economic and industrial power is a phenomenon in the post World War II world Akira Iriye and Warren I Cohen noted authorities on Asian affairs have gathered here contributions from a distinguished group of American and Japanese scholars This collection presents a unique blend of viewpoints on the American Japanese relationship

America and the Postwar World: Remaking International Society, 1945-1956 David Mayers, 2018-03-13 The main tide of international relations scholarship on the first years after World War II sweeps toward Cold War accounts These have emphasized the United States and USSR in a context of geopolitical rivalry with concomitant attention upon the bristling security state Historians have also extensively analyzed the creation of an economic order Bretton Woods mainly designed by Americans and tailored to their interests but resisted by peoples residing outside of North America Western Europe and Japan This scholarship centered on the Cold War as vortex and a reconfigured world economy is rife with contending schools of interpretation and bolstered by troves of declassified archival documents will support investigations and writing into the future By contrast this book examines a past that ran concurrent with the Cold War and interacted with it but which usefully can also be read as separable Washington in the first years after World War II and in response to that conflagration sought to redesign international society That society was then and remains an admittedly amorphous thing Yet it has always had a tangible aspect drawing self regarding states into occasional cooperation mediated by treaties laws norms diplomatic customs and transnational institutions The U S led attempt during the first postwar years to salvage international society focused on the United Nations Relief and Rehabilitation Administration the Acheson Lilienthal plan to contain the atomic arms race the Nuremberg and Tokyo tribunals to force Axis leaders to account the 1948 Genocide Convention the 1948 Universal Declaration of Human Rights and the founding of the United Nations None of these initiatives was transformative not individually or collectively Yet they had an ameliorative effect traces of which have touched the twenty first century in struggles to curb the proliferation of nuclear weapons bring war criminals to justice create laws supportive of human rights and maintain an aspirational United Nations still striving to retain meaningfulness amid world hazards Together these partially realized innovations and frameworks constitute if nothing else a point of moral reference

much needed as the border between war and peace has become blurred and the consequences of a return to unrestraint must be harrowing

The Ethnographer's Eye Anna Grimshaw, 2001-04-30 Grimshaw's exploration of the role of vision within modern anthropology engages with current debates about ocularcentism investigating the relationship between vision and knowledge in ethnographic enquiry Using John Berger's notion of ways of seeing the author argues that vision operates differently as a technique and theory of knowledge within the discipline In the first part of the book she examines contrasting visions at work in the so called classical British school reassessing the legacy of Rivers Malinowski and Radcliffe Brown through the lens of early modern art and cinema In the second part of the book the changing relationship between vision and knowledge is explored through the anthropology of Jean Rouch David and Judith MacDougall and Melissa Llewelyn Davies Vision is foregrounded in the work of these contemporary ethnographers focusing more general questions about technique and epistemology whether image based media are used or not in ethnographic enquiry

Russians: 4 in 1 Leaders of Soviet Russia 1917-1991 A.J.Kingston, 2023 Are you interested in the fascinating history of Soviet Russia Do you want to understand the individuals who shaped one of the most powerful nations of the 20th century Then look no further than *Russians 4 in 1 Leaders of Soviet Russia 1917 1991* This book offers a comprehensive examination of the lives and legacies of the four most influential leaders in Russian history Vladimir Lenin Joseph Stalin Nikita Khrushchev and Mikhail Gorbachev Through detailed explorations of their ideologies policies and the events that defined their respective tenures in power this book provides an insightful look at the forces that shaped modern Russia From Lenin's establishment of the Bolshevik government to Stalin's brutal purges Khrushchev's reforms and Gorbachev's attempts at perestroika and glasnost each leader's impact on Soviet Russia is examined in depth Through their stories readers can gain a deeper appreciation for the complexities of the Soviet system and the challenges faced by those who sought to lead it This book is essential reading for anyone interested in Russian history politics or the global events of the 20th century It is a rich and engaging exploration of the lives of the individuals who shaped one of the most powerful nations of the modern era and their legacies that continue to resonate to this day Order your copy of *Russians 4 in 1 Leaders of Soviet Russia 1917 1991* today and discover the fascinating story of these four remarkable leaders

The New Politics Edmund O. Stillman, William Pfaff, 1961 Offers a re evaluation of American foreign policy under the radically new political conditions of the 1950s

The Rotarian, 1944-04 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Gandhi to Kurt Vonnegut Jr have written for the magazine

The Routledge Handbook of American Military and Diplomatic History Christos Frenzos, Antonio Thompson, 2013-08-29 The Routledge Handbook of U S Military and Diplomatic History provides a comprehensive analysis of the major events conflicts and personalities that have defined and shaped the military history of the United States in the modern period Each chapter begins with a brief introductory essay

that provides context for the topical essays that follow by providing a concise narrative of the period highlighting some of the scholarly debates and interpretive schools of thought as well as the current state of the academic field Starting after the Civil War the chapters chronicle America's rise toward empire first at home and then overseas culminating in September 11 2001 and the War on Terror With authoritative and vividly written chapters by both leading scholars and new talent maps and illustrations and lists of further readings this state of the field handbook will be a go to reference for every American history scholar's bookshelf

The Log, 1943 *The Publishers Weekly*, 1945-03 *The Peace of Illusions* Christopher Layne, 2006

In a provocative book about American hegemony Christopher Layne outlines his belief that U S foreign policy has been consistent in its aims for more than sixty years and that the current Bush administration clings to mid twentieth century tactics to no good effect What should the nation's grand strategy look like for the next several decades The end of the cold war profoundly and permanently altered the international landscape yet we have seen no parallel change in the aims and shape of U S foreign policy *The Peace of Illusions* intervenes in the ongoing debate about American grand strategy and the costs and benefits of American empire Layne urges the desirability of a strategy he calls offshore balancing rather than wield power to dominate other states the U S government should engage in diplomacy to balance large states against one another The United States should intervene Layne asserts only when another state threatens regionally or locally to destroy the established balance Drawing on extensive archival research Layne traces the form and aims of U S foreign policy since 1940 examining alternatives foregone and identifying the strategic aims of different administrations His offshore balancing notion if put into practice with the goal of extending the American Century would be a sea change in current strategy Layne has much to say about present day governmental decision making which he examines from the perspectives of both international relations theory and American diplomatic history

The World's Work Walter Hines Page, Arthur W. Page, 1928 A history of our time

The Last Lion Paul Reid, William Manchester, 2012-11-06 The long awaited final volume of William Manchester's legendary biography of Winston Churchill Spanning the years of 1940-1965 *The Last Lion* picks up shortly after Winston Churchill became Prime Minister when his tiny island nation stood alone against the overwhelming might of Nazi Germany The Churchill conjured up by William Manchester and Paul Reid is a man of indomitable courage lightning fast intellect and an irresistible will to action *The Last Lion* brilliantly recounts how Churchill organized his nation's military response and defense compelled FDR into supporting America's beleaguered cousins and personified the never surrender ethos that helped the Allies win the war while at the same time adapting himself and his country to the inevitable shift of world power from the British Empire to the United States More than twenty years in the making *The Last Lion* presents a revelatory and unparalleled portrait of this brilliant flawed and dynamic leader This is popular history at its most stirring

The Postwar World Peter Lane, 1987 An introduction to world history since 1945 this traces the major national and international developments of the period The main arenas of world affairs are covered separately while the final section

draws together many strands to give an international overview of the period

Transactions of the ... North American Wildlife Conference, 1947

The Index to American Catholic Pamphlets Eugene Paul Willging, 1927

Pacific Affairs, 1945 Includes book reviews and bibliographies

American Trade Politics and the Triumph of Globalism Orin Kirshner, 2014-05-09 A deep and unresolved tension exists within American trade politics between the nation s promotion of an open world trading system and the operations of its democratic domestic political regime Whereas most scholarly attention has focused on how domestic politics has interfered with the United States global economic leadership Orin Kirshner offers here an analysis of the ways in which U S leadership in the arena of global trade has affected American democracy and the domestic political regime By participating in multilateral trade agreements the U S Congress has transferred its trade policymaking authority to the president and through international trade negotiations from the American state to the GATT WTO regime This reorganization of policymaking authority has resulted in the triumph of globalism and fundamentally alters the citizen state relationship assumed in democratic theory Kirshner illustrates this process through four case studies The Reciprocal Trade Agreements Act of 1945 The Trade Expansion Act of 1962 The Trade Act of 1974 The Omnibus Trade and Competitiveness Act of 1988 and further examines the impact of the Uruguay Round Agreements Act of 1994 on the political and institutional structure of American trade politics up to the current period

American Trade Politics and the Triumph of Globalism makes a significant contribution to the study of both international trade and domestic American politics This is essential reading for students and scholars of trade policy international political economy American politics and democratic theory
