Moyra Caldecott

The Winged Man:

The Winged Man Moyra Caldecott,2007-04-01 To this day throughout the ancient city of Bath there exist statues and images of the man who was the legendary founder of the city and the father of King Lear A leper and a swineherd a necromancer and a wise king his memory lives on Restless at the royal court the young Prince Bladud sets off to consult an oracle in the west country a wild wooded place near a mysterious hot spring that gushes from a cave There the priestess tells him that he will be a great king and that one day he will fly like an eagle When he returns to his father s hill fort at Trinovantum ancient London Bladud s head is full of magnificent dreams until trickery entraps him in a loveless marriage His unquenchable thirst for knowledge sharpened by a mysterious experience at the burial mound of his forefathers takes him away from his home and wife on a dangerous journey to faraway Greece There he meets and falls in love with a woman who has appeared to him many times already in dreams and visions On returning to his own country he finds his father dying and his wife conspiring with his brother to disinherit him Then found to be suffering from a disease believed to be leprosy he is driven from the court and shunned by his people In this dark time he becomes a swineherd One day he notices his pigs are free of sores after wallowing in hot mud He tries the healing waters of Sul himself is cured and returns to claim his throne His was a golden age of wisdom and magic where Otherworld beings mingle freely with the people of this world and where swans and ravens and owls take on their own special mysterious significance Full of brilliant imagination this colourful fantasy draws its strength and inspiration from the strange and beautiful realms of Celtic and Greek myth and legend
