Christianity and The Great Deception Paul Sides,2015-04-01 In book 1 of The Original Revelation series Creation Cries Out The Mazzaroth we learned that our Creator s plan of salvation was written in the stars as a witness to all humanity of a coming Messiah In that first book I explained how the angelic realm corrupted that message and taught mankind to worship the Sun In book Mystery Babylon The Religion of the Beast 2 we learned how that lie of Sun worship was formulated into a formal religion in Babylon In this book book 3 of The Original Revelation series we are going to trace this Mystery Religion of Babylon as it was formally transferred from Babylon to Rome

and became known as The Cult of Sol Invictus the cult of the invincible sun The Babylonian High Priesthood was conferred upon the Emperor of Rome as Pontifus Maximus High Priest of the Sungod We still to this day use that title for the High Priest of the Sungod we call this position The Pontiff Pope who today presides over the Babylonian Priesthood In this book we are going to trace the history of the Christian Church its rituals its gods its Christ and compare them to both the religion of Babylon and the revelation of God in The Bible We are going to ask and answer the hard questions As the largest religion on Earth is it possible that Christianity is the wide gate that leads to destruction Could it be that Christianity is The Mystery Religion of Babylon that deceives all mankind as prophesied Have we all been led astray by a Greek conquest of the Hebrew faith Did the victor in the Roman Jewish Wars literally rewrite history Did Constantine start a new religion and impose a lie upon humanity at the threat of death Has humanity been conditioned for 1 500 years not to question Babylonian rituals and doctrines by the Catholic Church Where the church fathers pagan What is the Spirit of the False Messiah and the Spirit of Error Who is the False Messiah If you have ever thought to yourself something is just not right with the Church today then you will find your answers in this book This book will be the hardest book you have ever read It is an eye opening jaw dropping pride swallowing tear jerking reality that will have you on your knees crying out in repentance to the Living God IF you are His chosen If you choose to read this book I will show you how deep this rabbit hole goes but I am only offering you is the Truth However most people cannot handle The Truth that is why the gate to eternal life is very narrow and few there are that find it Matthew 7 14

Stephens, 2017-05-15 *Deception at Work* tells you how to recognize and deal with lies in meetings negotiations discussions and in writing It is guaranteed to make you a more effective and confident operator no matter what job you do Simply leaving the book on your desk for others to see will improve your chances of not being deceived The book exposes deception in all of its forms linking the authors 40 years of experience in dealing with fraudsters with the most recent findings on MRI scanning and the human brain It explains how why and in what circumstances both achievement and exculpatory lies are told and how they can be resolved It sets out a low key but effective plan for dealing with liars in all shapes and sizes from confidence tricksters to malingerers and hard nosed fraudsters This ground breaking work includes the most comprehensive summary of the clues to deception of any book currently in print

Photography: The Art of Deception, 2016-10-17 *Photography is a lie* Just think about it photographers create two dimensional images that sometimes even lack color and then expect everyone who views the image to believe that this is how the subject and scene appeared in front of the lens in real life What is truly amazing is that people fall for the visual trickery readily almost as if they want to be deceived It gets better people still believe that one can photograph only what is really there In this book Irakly Shanidze reveals the smoke and mirrors that the best photographers use to surprise entertain and inspire viewers He explains that the individual features of photographer s perception and technical limitations of his equipment make him do things that may eventually make a picture look very different from how a viewer would see the

same scene with a naked eye and can lead to a ruined picture Conversely photographers who understand these phenomena can use the aforementioned constraints to deliberately adjust the level of truthfulness in their pictures In each beautifully illustrated chapter Shanidze discloses the photographic tools that enterprising photographers can use to create visual deception e g to create a sense of dimension create day for night effects establish mood simulate candid photographs and generally suspend disbelief without the time consuming post processing In doing so he describes the image objectives in other words defines the image concepts and introduces the tools needed to achieve them whether a lens of a certain focal length a light of a specific wattage or a given shutter speed He also deconstructs some of his favorite images to show readers how he was able to create a chiseled deception of his own Armed with this book photographers will learn to truly take the reins in their photographic pursuits and deliver supercharged iconic storytelling images

Stepping Out of Self-Deception Rodney Smith,2010-07-13 A prominent Insight Meditation teacher presents the Buddhist concept of no self in an easy to understand way that will radically change your perspective on life Anatta is the Buddhist teaching on the nonexistence of a permanent independent self It s a notoriously puzzling and elusive concept usually leading to such questions as If I don t have a self who s reading this sentence It s not that there s no self there says Rodney Smith It s just that the self that is reading this sentence is a configuration of elements that at one time did not exist and which at some point in the future will disperse Even in its present existence it s more a temporary arrangement of components rather than something solid Anatta is a truth the Buddha considered to be absolutely essential to his teaching Smith shows that understanding this truth can change the way you relate to the world and that the perspective of selflessness is critically important for anyone involved in spiritual practice Seeing it can be the key to getting past the idea that spirituality has something to do with self improvement and to accessing the joy of deep insight into reality
