

STALIN'S

GENERALS

EDITED BY HAROLD SHUKMAN

Stalin S Generals

H. Montgomery Hyde

Stalin S Generals:

Stalin's Generals Harold Shukman,2002-03 A star cast of distinguished contributors including Dmitri Volkogonov John Erickson Catherine Andreyev David Glantz and Oleg Rzheshesky paint a crucial portrait of a defining period in world history Unlike most military history which usually deals with large scale army movements and campaign strategy this looks at the training experience and personalities of the generals themselves The result is illuminating revealing how 25 men succeeded in taking Stalin from the Volga to Berlin

Stalin's Wars Geoffrey Roberts,2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin s leadership from the outbreak of the Second World War in 1939 to his death in 1953 Making use of a wealth of new material from Russian archives Geoffrey Roberts challenges a long list of standard perceptions of Stalin his qualities as a leader his relationships with his own generals and with other great world leaders his foreign policy and his role in instigating the Cold War While frankly exploring the full extent of Stalin s brutalities and their impact on the Soviet people Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace

Stalin's General Geoffrey Roberts,2012-08-02 Marshal Georgy Zhukov is one of military history s legendary names He played a decisive role in the battles of Moscow Stalingrad and Kursk that brought down the Nazi regime He was the first of the Allied generals to enter Berlin and it was he who took the German surrender He led the huge victory parade in Red Square riding a white horse and in doing so dangerously provoking Stalin s envy His post war career was equally eventful Zhukov found himself sacked and banished twice and wrongfully accused of disloyalty However he remains one of the most decorated officers in the history of both Russia and the Soviet Union Since his death in 1974 Zhukov has increasingly been seen as the indispensable military leader of the Second World War surpassing Eisenhower Patton Montgomery and MacArthur in his military brilliance and ferocity Making use of hundreds of documents from Russian military archives as well as unpublished versions of Zhukov s memoirs Geoffrey Roberts fashions a remarkably intimate portrait of a man whose personality was as fascinating as it was contradictory Tough decisive strong willed and brutal as a soldier in his private life he was charming and gentle Zhukov s relations with Stalin s other generals were often prickly and fraught with rivalry but he was the only one among them to stand up to the Soviet dictator Piercing the hyperbole of the Zhukov personality cult Roberts debunks many of the myths that have sprung up around Zhukov s life to deliver fresh insights into the marshal s relations with Stalin Khrushchev and Eisenhower A highly regarded

historian of Soviet Russia Roberts has fashioned the definitive biography of this seminal 20th century figure **Stalin and His Generals** Seweryn Bialer,1970 **Stalin and His Generals** Seweryn Bialer,1984 **Stalin and His Generals** Seweryn Bialer,1984 *Stalin* Simon Sebag Montefiore,2007-12-18 NATIONAL BESTSELLER This widely acclaimed biography of a Soviet dictator and his entourage during the terrifying decades of his supreme power transforms our understanding of the Marxist leader and Russian tsar From the bestselling author of *The Romanovs* The first intimate portrait of a man who had more lives on his conscience than Hitler Disturbing and perplexing *The New York Times Book Review* Based on groundbreaking research Simon Sebag Montefiore reveals the fear and betrayal privilege and debauchery family life and murderous cruelty of this secret world Written with bracing narrative verve this feat of scholarly research has become a classic of modern history writing Showing how Stalin s triumphs and crimes were the product of his fanatical Marxism and his gifted but flawed character this is an intimate portrait of a man as complicated and human as he was brutal and chilling **The Battle of Kursk** David M. Glantz,Jonathan Mallory House,1999 A study of the Battle of Kursk at Prokhorovka one of the largest tank engagements in world history which led to staggering losses including nearly 200 000 Soviet and 50 000 German casualties within the first ten days of fighting Drawing on both German and Soviet sources David M Glantz and Jonathan M House seek to separate myth from fact to show what really happened at Kursk and how it affected the outcome of World War II Their access to Soviet archive material adds detail to what is known about this conflict enabling them to reconstruct events from both perspectives and describe combat down to the tactical level *Stalin* H. Montgomery Hyde,1982-03-21 **Stumbling Colossus** David M. Glantz,1998 Drawing on evidence never before seen in the West including combat records of early engagements David Glantz claims that in 1941 the Red Army was poorly trained inadequately equipped ineptly organized and consequently incapable of engaging in large scale military campaigns and both Hitler and Stalin knew it He provides a complete and convincing study of why the Soviets almost lost the war that summer dispelling many of the myths about the Red Army that have persisted since the war and soundly refuting Viktor Suvorov s controversial thesis that Stalin was planning a preemptive strike against Germany **Stalin** Dmitriï Antonovich Volkogonov,1992 A definitive account of the life and political career of ruthless Soviet leader Joseph Stalin **Zhukov's Greatest Defeat** David M. Glantz,1999 One of the least known stories of WWII was Operation Mars a Soviet operation designed to dislodge the German Army from its position west of Moscow This account of a catastrophe censored from postwar Soviet histories reveals key players and details major events using sources in German and Russian archives to reconstruct the historical context of Operation Mars and review the entire operation from High Command to platoon level Includes bandw photos and maps Annotation copyrighted by Book News Inc Portland OR **Red Storm Over the Balkans** David M. Glantz,2007 The leading expert on Soviet military history resurrects a failed World War II campaign that the official Russian history seeks to erase from memory Reconstructing the Red Army s first invasion of Romania in the spring of 1944

Glantz shows that despite the campaign's abysmal failure it provided a clear indication of Stalin's strong interest in the Balkans and further damaged the German army's ability to stop the Soviet war machine in its drive toward Berlin. *When Titans Clashed* David M. Glantz, Jonathan Mallory House, 1995 By the time Pearl Harbour had ripped apart America's peacetime pretensions the German blitzkrieg had already blasted the Red Army back to the gates of Moscow Yet less than four years later the Soviet hammer and sickle flew above the ruins of Berlin stark symbol of a miraculous comeback that destroyed the German army and shattered Hitler's imperial designs. *Stalin's Guerrillas* Kenneth Slepian, 2006 A detailed study of the operations politics culture and autonomy of Soviet partisans or guerrillas who fought the German army in WWII Blending military political social and cultural history Slepian also provides a prism for viewing relations between the suffocating Stalinist state and its independent partisan warriors. *Stalin's Secret War* Robert W. Stephan, 2004 An animated adaptation of the story of the same title by Maurice Sendak in which a small boy makes a visit to the land of the wild things Tells how he tames the creatures and returns home For primary grades. **Hammer and Rifle** David R. Stone, 2000 Analysis of the central role of militarization in the development of state society and economy in the U S S R between the end of the New Economic Plan in 1926 and the conclusion of the first Five Year Plan in 1933. *Russian War Films* Denise Jeanne Youngblood, 2007 A panoramic survey of nearly a century of Russian films on wars and wartime from World War I to more recent conflicts in Afghanistan and Chechnya with heavy emphasis on films pertaining to World War II. Red Commanders Roger R. Reese, 2005 One of the largest and most feared military forces in the world the Red Army was a key player in advancing the cause of Soviet socialism Rising out of revolutionary era citizen militias it aspired to the greatness needed to confront its Cold War adversaries but was woefully unprepared to change with the times In this first comprehensive study of the Soviet officer corps Roger Reese traces the history of the Red Army from Civil War triumph through near decimation in World War II and demoralizing quagmire in Afghanistan to the close scrutiny it came under during Gorbachev's reform era Reese takes readers inside the Red Army to reconstruct the social and institutional dynamics that shaped its leadership and effectiveness over seventy three years He depicts the lives of these officers by revealing their class origins life experiences party loyalty and attitudes toward professionalism He tells how these men were shaped by Russian culture and Soviet politics and how the Communist Party dominated every aspect of their careers but never allowed them the autonomy they needed to cultivate a high level of military effectiveness Despite its struggle to develop and maintain professionalism the officer corps was often hampered by factors inextricably intertwined with the Soviet state Marxist theory revolutionary ideology friction between party and non party members and the influence of the army's political administration organs Reese shows that by rejecting the Western bourgeois model of military professionalism the state greatly limited its officer corps ability to develop a more effective military While a sense of group identity emerged among officers after World War II it quickly lost relevance in the face of postwar challenges especially the war in Afghanistan which underscored fatal

flaws in command leadership Red Commanders offers new insight into the workings of a military giant and also restores Leon Trotsky to his rightful place in Soviet military history by featuring his ideas on building a new army from the ground up It is an important look behind the scenes at a military establishment that continues to face leadership challenges in Russia today

Stalin Embattled, 1943-1948 William O. McCagg, 1978
