The Aimer Gate:

The Aimer Gate Alan Garner, Michael Foreman, 1979 Robert learns that his secret place has another secret the day his soldier uncle comes home to help with the corn harvest *The Aimer Gate* Alan Garner, 1978 *The Stone Book ; Granny Reardun ; the Aimer Gate ; Tom Fobble's Day* Alan Garner, 2006 This classic work of rural magic realism comprises four interconnected fables of a way of living in rural England that is now disappeared Craftsmen pass on or withhold secrets of their relationship with the natural world Originally published London William Collins 1983 *The Poetics of Fragmentation in Contemporary British and American Fiction* Vanessa Guignery, Wojciech Drąg, 2019-12-02 The last decades have seen a revival of fragmentation in British and American works of fiction that deny linearity coherence and continuity in favour of disruption gaps and fissures Authors such as Ali Smith David Mitchell and David Shields have sought new ways of representing our global media saturated contemporary experience which differ from modernist and postmodernist experimentations from which the writers nevertheless draw inspiration This volume aims to investigate some of the most important contributions to fragmentary literature from British and American writers since the 1990s with a particular emphasis on texts released in the twenty first century The chapters within examine whether contemporary forms of literary fragmentation constitute a return to the modernist episteme or the fragmented literature of exhaustion of the 1960s mark a continuity with postmodernist aesthetics or signal a deviation from past models and an attempt to reflect today s accelerated culture of social media and over communication Contributors theorise and classify literary fragments examine the relationship between fragmentation and the Zeitgeist influenced by globalisation media saturation and social networks analyse the mechanics of multimodal and multimedial fictions and consider the capacity of literary fragmentation to represent personal or collective trauma and to address ethical concerns They also investigate the ways in which the architecture of the printed book is destabilised and how aesthetic processes involving fragmentation bricolage and or collage raise ontological ethical and epistemological questions about the globalised contemporary world we live in and its relation to the self and the other Besides the aforementioned authors the volume makes reference to the works of J G Ballard Julian Barnes Mark Z Danielewski David Markson Jonathan Safran Foer David Foster Wallace Jeanette Winterson and several others **The Best in Children's Books** University of Chicago. Center for Children's Books, 1986-08 Designed to aid adults parents teachers librarians in selecting from the best of recent children s literature this guide provides 1 400 reviews of books published between 1979 and 1984 This volume carries on the tradition established by Zena Sutherland s two earlier collections covering the periods from 1966 to 1972 and 1973 to 1978 Her 1973 edition of *The Best in Children s Books* was cited by the American School Board Journal as one of the outstanding books of the year in education **A Glossary of Words Used in the County of Chester** Robert Holland, 1886 **How Did Long John Silver Lose his Leg** Dennis Butts, Peter Hunt, 2013-11-28 *How did Long John Silver Lose His Leg* is a diverting tour through some of the bestloved

classics of children's literature addressing many of the unanswered questions that inspire intense speculation when the books are laid down. Could Bobbie's train really have stopped in time? The Railway Children. Did Beatrix Potter have the flu in 1909 and did this lead to a certain darkness in her work? The Tale of Mr Tod. Would the rugby football played by Tom Brown be recognised by sportsmen today? Tom Brown's Schooldays. The authors speculate entertainingly and informatively on the anomalies and unexplained phenomena found in children's literature and having established the cultural importance of children's books in the modern age also consider the more serious issues raised by the genre. Why are we so defensive of the idyllic worlds presented in children's books? Why have some of our best loved authors been outed as neglectful parents to their own children? Should we ever separate the book from its creator and appreciate the works of writers convicted of crimes against children? A treat for any enthusiast of children's literature, two of the most distinguished writers on the subject provide rich detail, witty explication and serious food for thought.

The Oxford Companion to Children's Literature

Daniel Hahn, 2015-03-26. The Oxford Companion to Children's Literature provides an indispensable and fascinating reference guide to the world of children's literature. Its 3,500 entries cover every genre from fairy tales to chapbooks, school stories to science fiction, comics to children's hymns. Originally published in 1983, the Companion has been comprehensively revised and updated by Daniel Hahn. Over 900 new entries bring the book right up to date. A whole generation of new authors and illustrators are showcased with books like *Dogger*, *The Hunger Games* and *Twilight* making their first appearance. There are articles on developments such as manga fan fiction and non-print publishing, and there is additional information on prizes and prizewinners. This accessible A to Z is the first place to look for information about the authors, illustrators, printers, publishers, educationalists, and others who have influenced the development of children's literature, as well as the stories and characters at their centre. Written both to entertain and to instruct, the highly acclaimed Oxford Companion to Children's Literature is a reference work that no one interested in the world of children's books should be without.
