Thirty Cats Dina Roberts,2003-10 Gabrielle Williams a mildly disfigured eighteen year old has never had sex has never even been kissed and okay let's be honest here She's never even been noticed by the opposite sex All that changes towards the end of her senior year Gabrielle goes on her first date Everything is fine until she blurts out that she suffers from a disease called Neurofibromatosis The guy never calls again and Gabrielle assumes that a girl like her will never succeed in the game of love To avoid all future pain Gabrielle vows to never fall in love She begins college knowing that the only way to prevent love from entering her life is to avoid all forms of romance and socialization For Gabrielle even reading a book with a romantic subplot can be dangerous Who knows what kind of notions could creep into her head Despite her best efforts Gabrielle's plan fails She finds herself madly in love and facing some very difficult decisions about honesty and acceptance

House of Thirty Cats Mary Calhoun,2002-05-01 Sarah liked to think of Miss Tabitha Henshaw's house of 30 cats as an enchanted place When Sarah and the older woman become friends Sarah gets to know each cat's personality But when an angry neighbor complains about the cats to the town council Sarah tries to match the cats with perfect owners First published in 1965

Poets Square Courtney Gustafson,2025-04-29 NEW YORK TIMES BESTSELLER An intimate memoir about the importance of community and care in a world that can feel impossibly broken and a story about accidentally going viral while tending to a colony of feral cats AN NPR AND CHICAGO PUBLIC LIBRARY BEST BOOK OF THE YEAR When Courtney Gustafson moved into a rental house in the Poets Square neighborhood of Tucson Arizona she didn't know that the property came with thirty feral cats Focused only on her own survival in a new relationship during a pandemic with poor mental health and a job that didn't pay enough Courtney was reluctant to spend any of her own time or money caring for the wayward animals But the cats their pleading eyes their ribs showing the new kittens born in the driveway didn't give her a choice She had no idea about the grief and hardship of animal rescue the staggering size of the problem in neighborhoods across the country And she couldn't have imagined how that struggle toward an ethics of care of individuals trying their best amid spectacularly failing systems would help pierce a personal darkness she'd wrestled with for much of her life She also didn't expect that the TikTok and Instagram accounts she created to share the quirky personalities of the wild but lovable cats like Monkey Goldie Francois and Sad Boy would end up saving her home Courtney writes toward a vision of connectedness showing how taking care of the cats reshaped her understanding of empathy resilience and the healing power of wholly showing up for something outside yourself She takes us from the dark alleys where she feeds feral cats to inside the tragically neglected homes where she climbs over piles of trash and occasionally animals and then into her own driveway with the cats she loves and must sometimes let go Compelling and tender Poets Square is as much about cats

as it is about the urgency of care community and a little bit of dumb hope

Lost Treasures: The House of Thirty Cats - Book #7 Mary Calhoun, 2002-04-15 Sarah's friend has a lot of cats 30 of them to be exact When an angry neighbor complains Sarah starts to match each cat's personality to people in the town to find them all new homes

Math Cats Daniel M Look, 2025-10-21 Math cats an infinitely more entertaining exploration of the concepts and principles that are the foundation of our understanding of mathematics In Math Cats mathematician and professor Daniel Look along with a clowder of his feline friends reveals the charming connections between mathematics and cats with 22 fun and fur-filled lessons We know all cats are cute but only some are acute Others are obtuse no offense and more are always right and never let you forget it as you'll learn by exploring how kitties represent different types of angles When they curl out for a mid-day catnap they perfectly represent the concept of a golden spiral And when they squeeze into too small boxes or balls they're providing a geometric lesson in topological equivalence Packed with illustrations this collection of proofs theorems and formulas is equal parts delightful and educational and perfectly sized for your own cat to knock off our bookshelf

The Cats of Poets Square Courtney Gustafson, 2026-04-16 THE INSTANT NEW YORK TIMES BESTSELLER People kept asking Why would you have cats that don't love you back The morning after Courtney Gustafson moved into an old house in the Poets Square neighbourhood of Tucson Arizona she noticed tiny pawprints all over her driveway They were the first evidence of a colony of feral cats who would in time become part of her family and help pierce a personal darkness she'd wrestled with for much of her life Bees was the first cat to appear allowing herself to be petted in the driveway And then came so many others There was Monkey the hissing dark blotched calico and Reverse Monkey her timid white blotched opposite There were Sad Boy and Lola the inseparable pair who made their way across the internet and into strangers' wedding vows There was the sweet serene Dr Big Butt who brought lessons about grief And there was Goldie the tiny king of Poets Square sick skinny but completely unafraid These cats and many many others would expand her world spectacularly Poets Square is a love letter to community in a broken society told through the cats Courtney meets in dark alleys neglected homes and her own driveway cats she cherishes and must sometimes let go Above all she explores what her encounters with feral cats can teach us about care connectedness and the power of hope Cats are mystical beings bridging the spiritual and the tangible Courtney Gustafson's Poet Square is a book that helps us connect to this spiritual world offering a bridge to the ethereal Ai Weiwei Courtney Gustafson writes with uncommon grace about the castoff the abandoned the invisible This book should be read and treasured for its ability to make the reader more human and humane Lauren Slater author of Blue Dreams Deftly intertwined with the individual stories of all these cats is her own story of how she got there She is clear-eyed about the deviation of her life Esther Walker *The Spike* *Jerry Todd and the Rose-colored Cat* Leo Edwards, 1924 Cats by the dozens cats by the hundreds and most important of all a mysterious five hundred dollar rose-colored cat Then comes the lamentable accident to Lady Victoria's aristocratic tail the operation the overdose of chloroform the funeral Publisher The Cat Review, 1924
