Thought Language And Reality In Logic:

Thought, Language, and Reality in Logic Katalin G. Havas,1992 *Wittgenstein on Thought, Language and Philosophy* Christoffer Gefwert,2017-11-22 This title was first published in 2000 What was Wittgenstein s relation to theory of meaning in his post 1937 writings and what was his characterization of philosophy How does philosophy in Wittgenstein s later writings differ from what is usually accepted in modern academic analytic philosophy This book discusses problems encountered in looking at Wittgenstein s texts after 1937 focusing particularly on whether the problem of philosophy amounts to a systematic or a theoretical activity Arguing that philosophy can be characterized as a form of conceptual investigation Gefwert aims to demonstrate that a theoretical view does not correspond to Wittgenstein s conception of philosophy For example philosophy is not transcendental as he thought it was before 1929 Neither is philosophical language universal as Wittgenstein 1929 1936 thought it was Proposing that a philosophical conceptual investigation is analogous to a psychotherapeutical session of Freud with the common aim to dissolve the conceptual problems in language that haunt us in our everyday life Gefwert s examination of the post 1937 writings of Wittgenstein concludes that philosophical investigation is a very different activity than that assumed by the Logical Positives and others adhering to a theoretical view *Language, Reality, and Transcendence* R. C. Pradhan,2008 *Language Reality and Transcendence* deals with the later philosophy of Wittgenstein by delving into language grammar rule self world culture and value Wittgenstein has given a comprehensive philosophy of man and the world and has dealt with the destiny of man by outlining the moral and the spiritual goals of human life In this work the nature of Wittgenstein s transcendent metaphysics of man and the ultimate reality has been outlined *Logic, Language, and Reality* Bimal Krishna Matilal,1985 Thought and Things: Functional logic, or genetic theory of knowledge James Mark Baldwin,1906 **Institutes of Logic** John Veitch,1885 *Christian Thought* Charles Force Deems,1886 *Christian Thought* ,1886 **Reason, Thought and Language Or the Many and the One** Douglas Maclean,1906 Thought and Things James Mark Baldwin,1906 **The Principles of Logic, Deductive and Inductive** Ambika Charan Mitra,1922 Lotze's System of Philosophy: Logic in three books of thought, of investigation, and of Knowledge Hermann Lotze,1884 Mind ,1876 **Mind** George Croom Robertson,George Frederick Stout,George Edward Moore,1902 A journal of philosophy covering epistemology metaphysics philosophy of language philosophy of logic and philosophy of mind Logic.
