What is the secret behind Brazil's mass production of soccer superstars? How has one tennis club in Moscow managed to develop more top tennis players in 10 years than the whole of the United States? He talked, trained, and lived with the athletes in order to discover what, if anything, they have in common and to attempt to crack the code of developing world-class talent. The result is *The Gold Mine Effect*, a book that questions all the misconceptions, conventional wisdom, and popular theories about talent, hard work, parenting, and motivation, and looks at how we can apply this knowledge to our own lives.
