A World Without Angels Jamie Campbell, 2013-10-11 One Angel One Girl One Chance Demons are winning the war between good and evil as they continue to kill guardian angels The ripple effect is causing humans the world over to descend into a war of their own without their heavenly protectors One of the last angels falls to earth in an attempt to gather the remaining few humans so they can unite in the final battle What he didn't expect to find was the intriguing girl who helps and captivates him while solving the ancient riddle that can save both worlds Finding a forbidden love in a hopeless place they put everything on the line as they hold on to their faith in each other They must find the courage to continue their quest while the world crumbles around them Also in the Series Before the Fall Short Prequel A World Without Angels Angel's Uprising

World Without Words Michael Evamy, 2003 Leading his readers on a voyage through the visual shorthand of modern life the author argues that we are relying less on words for navigating the world than on images and graphic devices This sourcebook shows the attempts of designers to condense words and data down to their simplest equivalents It illustrates the familiar the peculiar and the confusing visual language that we are asked to interpret symbols graphs and charts maps mixed up with the more graphic examples of data storage and identification that are read not by humans but by machines barcodes magnetic strips holograms Featuring airport signs road markings pictograms maps diagrams packaging logos and symbols this compendium of visuals shows not only the norms of wordless graphic communication but also how these vary around the world when interpreted by local individuals for different cultures
