The Function Of The Orgasm:

The Function of the Orgasm Wilhelm Reich,1986-05 This book describes Reich s medical and scientific work onthe living organism from his first efforts at the Medical School of the University of Vienna in 1919 to the laboratory experiments in Oslo in 1939 which revealed the existence of a radiating biological energy orgone energy The subject of sexuality is basic to this work and Reich shows clearly its importance for human life and its relevance in understanding the social problems of our time

The Function of the Orgasm Wilhelm Reich,1989-08 Over twenty years Wilhelm Reich a psychologist and doctor of medicine studied the relationship between the emotional physiological and physical functions of biological energy He saw the orgasm as the key to the body s energy metabolism discovering that the biological emotions governing the psychic processes are themselves the immediate expression of strictly physical energy which he named the cosmic orgone Initially derided Reich s theories are now seen as crucial to our understanding of ourselves and our fellow men In appreciating why the orgasm brings a feeling of physical and emotional well being we can also gain insight into the physical and emotional ills that result from a thwarting of this bioenergetic function Many researches into psychic energy believe that the aura recorded by Kirlian photography is nothing less than the manifestation of Reich s orgone energy

[Sex, Gender, and Sexuality](#) Abby L. Ferber, Kimberly Holcomb, Tre Wentling, 2009 There has been an outpouring of discussion and interest in recent years on gender and sexual identities in the disciplines of sociology and women's studies Now for the first time there is a reader available that bridges the study of both gender and sexuality providing a thorough examination of their interconnections In an accessible format the editors of The New Basics construct a new model for making sense of gender and sexuality by raising provocative questions such as How has our understanding of the relationship among sex gender and sexuality changed over time How are these concepts constructed differently across cultures What is

the difference between transgender transsexual and queer How does class and race shape people s experiences and expressions of gender and sexuality While exploring a wide range of issues each piece makes the relationship among sex gender and sexual identities central to the analysis The New Basics includes first person accounts and narratives poems theoretical analyses and critiques of existing research Due to the evolution of thought and terminology in recent years the editors have included a useful and unique glossary of basic and new terms

Sex and Self-Respect Philip M.

Helpaer,1998-07-30 Not just another book about sexual abuse this book explores the possibility of the hard but real journey to self respect It is an in depth approach to understanding the individual s experience in sexual love and an exploration of the nature of the self and sexuality Describing a wide range of violations of sexuality and the resulting injuries to self respect it has the theoretical and clinical depth to be useful to professionals while written in language accessible to the lay reader The necessity of bringing in the body is examined and the text offers an experientially relevant way of conceptualizing bodily processes bioenergetics in sexuality and the self This work affords new avenues for understanding the possibilities of the evolution of the self in adult life and of child development toward the rebirth of self respect and the development of a sexual ethic
