Linden, Bradley Frieswyk, 2006 *Thinking Through Grammar* Arthur Whimbey, Myra J. Linden, Bradley Frieswyk, 2006 *Thinking Through Style* Michael D.

Hurley, Marcus Waithe, 2018-01-05 What is style and how does it relate to thought in language It has often been treated as something merely linguistic independent of thought ornamental stylishness for its own sake Or else it has been said to subserve thought by mimicking delineating or heightening ideas that are already expressed in the words This ambitious and timely book explores a third more radical possibility in which style operates as a verbal mode of thinking through Rather than figure thought as primary and pre verbal and language as a secondary delivery system style is conceived here as having the capacity to clarify or generate thinking The book s generic focus is on non fiction prose and it looks across the long nineteenth century Leading scholars survey twenty authors to show where writers who have gained reputations as either stylists or as thinkers exploit the interplay between the what and the how of their prose The study demonstrates how celebrated stylists might after all have thoughts worth attending to and that distinguished thinkers might be enriched for us if we paid more due to their style More than reversing the conventional categories this innovative volume shows how style and thinking can be approached as a shared concern At a moment when especially in nineteenth century studies interest in style is re emerging this book reevaluates some of the most influential figures of that age re imagining the possible alliances interplays and generative tensions between thinking thinkers style and stylists **Thinking Through Theory** James

Thomas Zebroski, 1994 *Thinking Through Theory* tracks one teacher s encounter with theory for over a decade It investigates theory arising out of a Russian and eastern European tradition of language study **The Powers of Literacy (RLE Edu I)**

Bill Cope, Mary Kalantzis, 2014-06-17 Literacy remains a contentious and polarized educational media and political issue What has emerged from the continuing debate is a recognition that literacy in education is allied closely with matters of language and culture ideology and discourse knowledge and power Drawing perspectives variously from critical social theory and cultural studies poststructuralism and feminisms sociolinguistics and the ethnography of communication social history and comparative education the contributors begin a critical interrogation of taken for granted assumptions which have guided
